Cancer Why Were Still Dying To Know The Truth:

Cancer Phillip Day,1999 *Cancer* ,1999 Abounding Health Naturally Sharon Jean Wiginton,2010-09 What if everything we thought we knew about diseases was wrong What if all the money being poured into research for cancer and other diseases that so devastate our friends and families was being wasted on researching the wrong thing What if we found out that all the pharmaceutical drugs we are taking are not putting out the fire of illness but only quieting the alarm of the symptoms What if there was an easier way You can stop asking questions and begin getting real answers Have your eyes opened to amazingly simple solutions to the health problems we are seeing so prevalent in our society today Author Sharon Wiginton reveals how real food can change your life This guidebook will help you move toward the vibrant health so many people are striving to achieve **now and then 2** Bob Maddison,2012-09-05 Lost civilizations Origins of mankind Why does mankind seem to need religion Why is there so much confusion and mental indigestion manifest among not only rank and file mankind but also actively demonstrated by the academics After all does it really matter who built the pyramids of Egypt Or when they were built Does it matter that there are so many confusing and conflicting claims by the proponents of the many religions So who or what is god Is it Jehovah Allah Krishna or Enlil Or perchance it is a fiction And what does it matter or avail if we understand the true origins of man or not If we cannot correctly understand who and what mankind is how can we ever know and understand what angels demons gods God or aliens are Is it that we are the aliens and this was not our earth
