**Enlightenment in an Age of Destruction** Christopher Britt, Paul Fenn, Eduardo Subirats, 2018-01-30 This book is about the ways in which modern enlightenment rather than liberating humanity from tyranny has subjected us to new servitude imposed by systems of mass manipulation electronic vigilance compulsive consumerism and the horrors of a seemingly unending global war on terror The main intellectual aims of this title are the following the analysis of spectacle the criticism of providential enlightenment and the examination of positive dialectics The spectacle in this case is the apotheosis of the culture industries a total inversion of reality and of our existences Providential enlightenment is not only a critique of

the failure of enlightenment but of the mutilation of historical enlightenments Positive dialectics signal a new era of intellectual engagement in the construction of our historical future During a time in which national democracies seem an imperial farce it is not enough for intellectuals faced with all this destruction to blithely recommend resistance The book thus ties American British French and German theoretical traditions into a reflexive challenge to the notion of intellectual as critic and argues instead for a trespassive tradition of cultural leadership **Salomé** Oscar Wilde,2012-03-21 Wilde s notorious masterpiece enacts the biblical tale of a wanton woman s erotic dance and the martyrdom of John the Baptist Complete English edition 1894 with illustrations by Aubrey Beardsley The Perils of Human Exceptionalism Dennis L. Durst,2022-07-18 Over the course of the nineteenth century transatlantic intellectuals slowly revised theological anthropology or the doctrine of humanity seen in light of the divine Gradually elite discourse deposed humanity from its lofty estate and centering it within a naturalistic account wherein likeness to animal fauna became the central evaluative lens Durst argues that theological anthropologies across the disciplines increasingly shifted focus away from classic confessional themes such as the soul and the image of God and toward the methods of natural theology and intuitionism This occurred in the form of challenges to theology in biology phrenology transcendentalism anti theology Christian socialism intuitionism and religious experience The human soul and human sinfulness also found a revised articulation in terms increasingly shaped by the cultural authority of science An ascendant subjective approach to human nature emerged whereby religious experiences not theological claims to truth assumed prominence as the central measures of religious life Living in Bonus Time Alec Hill,2020-01-07 Those who experience and survive cancer live in bonus time a season of grace that can be both disorienting and wonderful In this honest and hopeful account two time survivor Alec Hill helps readers recalibrate expectations grapple with survivor s guilt and steward the opportunities for new purpose and growth Survivors and caregivers can discover how encountering death can bring us to a different kind of life
