Candy Bar Awards For Sports:

Sports Heroines on Film Viridiana Lieberman, 2014-11-19 It's hard to find females in leading roles as athletes, coaches and owners in sports film story lines. With an abundance of male-focused stories, Hollywood continues to reinforce the association of athleticism with masculinity. Portrayals of women in prominent roles indicate social attitudes and values and when looked at over time also show what influence the women's movement has had on cinematic representation and social understandings. This discussion of sports film heroines begins with *National Velvet* 1944 and ends with *Secretariat* 2010. It addresses the question of whether these story lines do or do not empower women as characters and role models while offering alternative cinematic choices that reflect the true and ever-growing history of women in sports. **Sociological Aspects of Modern Sports** Helmut Digel, 2013 Includes articles on social change and sports development including the problem of doping and the responsibility of science, talent identification and promotion, the Olympic ideal and reality, the athletes village, the development of world athletics and what makes athletics valuable. **Adolescent Life and Ethos** Heewon Chang, 2022-12-29 Originally published in 1992, this Asian-authored book presents a cultural description and interpretation of American high school adolescent life and ethos based on anthropological fieldwork in a semi-rural school and its surrounding community in Oregon. It combines a realistic account of late 1980s adolescent culture and a confessional tale of the Asian ethnographer's fieldwork experiences among American youngsters. The three main parts of the book focus on a portrayal of adolescent daily life, an interpretation of these young people's cultural values and ideals, and a reflection on the ethnographer's fieldwork experiences respectively. Part 1, *Adolescent Life*, includes five chapters presenting a brief version of a key informant's life history, a profile of the school, a portrait of the community, a sketch of a typical school day, and adolescent life out of school. Divided into four chapters, Part 2, *Adolescent Ethos*, identifies three dimensions of adolescent ethos and analyzes dynamics between the dimensions and reflecting ideals. The last chapter of this part, *The Duality of Ideals*, discusses how adolescents negotiated themselves in a complicated web of various ideals pressing on them. Part 3, *Doing Ethnography*, reports procedural and personal aspects of doing ethnographic research in two separate chapters. The former discusses each step from locating a field to writing an ethnography; the latter describes personal feelings and scholarly thoughts which occurred during and after fieldwork. Adopting the most inconspicuous, unobtrusive form of research methods, she even dressed like them and acted with and among them; the ethnographer tried to listen to the young people's voices, peek into their lives from outside and look out at the world through their eyes. *Social Issues in Sport* Ronald B. Woods, B. Nalani Butler, 2020-12-11 *Social Issues in Sport*, Fourth Edition, with HKPropel Access, introduces students to the study of sport as a social phenomenon. It explores current trends in sport and examines complex connections between sport and politics, economics, religion, race, gender, youth, and more. Author Ronald Woods draws on his experience of more than 40 years as a professor, coach, and sport administrator to explore modern sport from historical and cultural perspectives. New coauthor

B Nalani Butler offers a fresh perspective to the study of sport from an emerging generation of Black female scholars. She draws on her background as an athlete and professor and leverages her international experience from working with the Center for Sport Peace and Society and the International Olympic Academy IOA. The text's presentation style, full color design, and ample learning tools are designed to keep students engaged. *Social Issues in Sport* Fourth Edition addresses the Common Professional Component topics outlined by the Commission on Sport Management Accreditation COSMA. The text remains grounded in practical application and provides opportunities for students to examine real world issues through the lens of social theory. The fourth edition also features the following enhancements: Online learning tools delivered through HKPropel; case studies on current events; video lectures and essay and multiple choice questions to support applied learning and encourage critical thinking; Increased emphasis on emerging issues such as sport wagering, the use of social protest by athletes, sexual harassment of or by athletes, and sport safety; Discussions on the rise in popularity of esports and on the exploding influence of social media on athletes, spectators, and fans; Updated sidebars that address current topics such as the effect of the COVID 19 pandemic on sport, offering a contemporary context to which students can apply the concepts in the text. *Social Issues in Sport* Fourth Edition is streamlined into three parts, maintaining an accessible and student friendly format that aligns with a 16 week semester. Part I sets the stage for studying sport from a sociological perspective by defining key terms and presenting crucial social theories. This section examines participation in sport from spectators to performers and explores sport economics through sport management, sport marketing, and sport media. Part II discusses sport institutions at all levels from youth sport to Olympic competition. Part III is devoted to current issues and critically analyzes the effects of gender, race, economic status, religion, and government on sport. It also offers a detailed look at both ethics and deviance in sport. *Social Issues in Sport* Fourth Edition provides the foundations for critically examining the multifaceted roles of sport and physical activity in society. The information and activities offered by the text invite students to evaluate the sociocultural issues intertwined with sport and relate these themes to their own lives. Through this in depth examination of sociocultural issues, students will be able to understand and appreciate the development of sport as a part and reflection of our society.
