Cultural Integration and the Gospel in Vietnamese Mission Theology KimSon Nguyen, 2019-11-14 Postcolonial Vietnam has an urgent need for contextualized theology of mission God Christ and the church that is rooted in indigenous cultural traditions and the dual Vietnamese spirit of resistance and assimilation Dr KimSon Nguyen navigates the religious cultural dimensions of Vietnamese spirituality and Daoism that have hindered the assimilation of the Christian faith in the Vietnamese context and explores a fresh approach to missiology in Vietnam Dr Nguyen draws upon his deep knowledge of Vietnamese evangelical history to analyze contextualization and mission theology in Vietnam He proposes an evangelical theology of God as a way the centrality of the Vietnamese home as the house of the Lord and ancestor veneration as a theological framework for an indigenous theology of the family Narrowing the gap between culturally removed evangelical missionary practice and widespread syncretistic spirituality in Vietnam Nguyen calls for a paradigm shift in Vietnamese mission theology that is both robustly evangelical and authentically Vietnamese

We Are Catholic Jason Valeriano Hallig, 2016-05-16 What is a church What makes a church a church What is necessary to have a church Is membership in a local church really that important Might a group of people who claim to be Christians become so unlike what a church should be that they should no longer be called a church Why are there so many churches of different traditions What is tradition Are the historical traditions of the church still relevant today These and many others are questions related to the life and purpose of the church which every Christian must wrestle with not only for themselves as disciples of Jesus but also for others to whom they are called to make disciples One of the early confessions of the Christian church centers on the catholicity of the church we believe in the holy Catholic Church It was Ignatius who first used the word catholic and rightly identified the church as the Catholic Church Where Jesus Christ is there is the Catholic Church This book offers a fresh look at this important mark of the church from an evangelical perspective and seeks to elucidate the life being and purpose doing of the church The author believes that catholicity is to the church as the Trinity is to God We are Catholic is a confession of our faith in Christ our commitment to the unity of the church local and universal anchored in the Word and in the Spirit and our passion for the mission to all the nations as a community of disciples of Jesus Christ

Galatians Johannes W. H. van der Bijl, 2024-03-14 This narrative commentary explores Paul's letter to the Galatians by placing it in the larger context of Paul's life and ministry Combining cultural and archeological research Rev Dr Johannes W H van der Bijl draws together details from the book of Acts and the Pauline Epistles to offer us a unique glimpse

Dyrness, 2016-10-02

Missiologists today are considering the significance of insider movements followers of Jesus who are emerging from within Islamic Hindu Buddhist and other cultural contexts Are these authentic expressions of Christian faith If so how should we understand them William Dyrness brings a rare blend of cultural and theological engagement to his reflections on this important phenomenon Ecclesial Identities in a Multi-Faith Context Darren Duerksen, 2015-01-12

When Hindus and Sikhs become followers of Christ what happens next Should they join Christian churches that often look and feel very unfamiliar to them Or to what degree can or should they remain a part of their Hindu Sikh communities and practices Uncomfortable with the answers that were provided to them by Christian leaders in northwest India six followers of Christ began Yeshu satsangs Jesus truth gatherings that sought to follow Christ and the teachings of the Bible while remaining connected to their Hindu and or Sikh communities Ecclesial Identities in a Multi faith Context analyzes the contextualized practices and identities of these leaders and their gatherings situating these in the religious history of the region and the personal histories of the leaders themselves Whereas Christians worry that the Yeshu satsangs and related insider movements are syncretizing their beliefs and are not properly identifiable as churches Ecclesial Identities analyzes the Yeshu satsang's narratives and practices to find vibrant expressions of local church that are grappling with questions and tensions of social and religious identity In addition to its ethnographic approach Ecclesial Identities also utilizes recent sociological and anthropological theory in identity formation and critical realism as well as discussions of biblical ecclesiology from the book of Acts This study will be a helpful resource for those interested in global Christianity the practices and identities of churches in religiously plural environments and the creative ways in which Christ followers can missionally engage people of other faiths
