Current Affairs 2013:

China and America: Destined for Conflict? Wenzhao Tao, 2022-09-25 This book explores the possibility and feasibility of building a new model of major country relations between China and the United States which is of great significance to the sound interaction between the two countries and the preservation of peace and stability of the world In early June 2013 Chinese President Xi Jinping and US President Barack Obama reached a consensus on building a new model of major country relations at the historical Sunny lands meeting in California In the years that followed the two leaders were committed to that goal despite the different interpretations in its substance How is the new model of major country relations conceptualized and developed What renders it possible Is the major country conflict inevitable These are the basic issues addressed in this book Now China US relations are at a critical juncture The international community is watching the world s two largest economies and is quite concerned about the future of one of the world s most complicated bilateral relationships This timely publication of Professor Tao Wenzhao provides us with a realistic approach to managing this vital relationship in a candid and balanced way

Communications/Media/Geographies Paul C. Adams, Julie Cupples, Kevin Glynn, André Jansson, Shaun Moores, 2016-09-19 Although there are human geographers who have previously written on matters of media and communication and those in media and communication studies who have previously written on geographical issues this is the first book length dialogue in which experienced theorists and researchers from these different fields address each other directly and engage in conversation across traditional academic boundaries The result is a compelling discussion with the authors setting out statements of their positions before responding to the arguments made by others One significant aspect of this discussion is a spirited debate about the sort of interdisciplinary area that might emerge as a focus for future work Does the already established idea of communication geography offer the best way forward If so what would applied or critical forms of communication geography be concerned to do Could communication geography benefit from the sorts of conjunctural analysis that have been developed in contemporary cultural studies Might a further way forward be to imagine an interdisciplinary field of everyday life studies which would draw critically on non representational theories of practice and movement Readers of *Communications Media Geographies* are invited to join the debate thinking through such questions for themselves and the themes that are explored in this book for example of space place meaning power and ethics will be of interest not only to academics in human geography and in media and communication studies but also to a wider range of scholars from across the humanities and social sciences

Community Radio's Amplification of Communication for Social Change Juliet Fox, 2019-06-27 This book explores how community radio contributes to social change Community radio remains a unique communication platform under digital capitalism arguably capable of expanding the project of media democratisation Yet there is a lack of in depth analysis of community radio experience and a dearth of understanding of its functionality as an actively transformative tool for greater equity in society This project combines the theoretical positions of

the political economy of communication with a citizen s media perspective in order to interrogate community radio s democratic potential By presenting case studies of two radio stations in Melbourne and Lospalos and applying multiple research methods the book reveals community radio s amplification of media participation communication rights counter hegemony and media power in effect its distinct regenerative voice *Media Law in Ireland* Marie McGonagle, Sharon McLaughlin, Tarlach McGonagle, 2018-04-19 Derived from the renowned multi volume International Encyclopaedia of Laws this analysis of media law in Ireland surveys the massively altered and enlarged legal landscape traditionally encompassed in laws pertaining to freedom of expression and regulation of communications Everywhere a shift from mass media to mass self communication has put enormous pressure on traditional law models An introduction describing the main actors and salient aspects of media markets is followed by in depth analyses of print media radio and television broadcasting the Internet commercial communications political advertising concentration in media markets and media regulation Among the topics that arise for discussion are privacy cultural policy protection of minors competition policy access to digital gateways protection of journalists sources standardization and interoperability and liability of intermediaries Relevant case law is considered throughout as are various ethical codes A clear comprehensive overview of media legislation case law and doctrine presented from the practitioner s point of view this book is a valuable time saving resource for all concerned with media and communication freedom Lawyers representing parties with interests in Ireland will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative media law Political Handbook of the World 2015 Tom Lansford, 2015-03-24 The Political Handbook of the World provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide The updated 2015 edition will continue to be the most authoritative source for finding complete facts and analysis on each country s governmental and political makeup Compiling in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system It also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies And this annual update includes coverage of current events issues crises and controversies from the course of this year The New Political Islam Emmanuel Karagiannis, 2018-01-02 Islamist political parties and groups are on the rise throughout the Muslim world constituting a new political Islam that is global in scope and yet local in action Emmanuel Karagiannis explains how various Islamists have endorsed human rights democracy and justice to gain influence and mobilize supporters **Greece and Turkey in Conflict and Cooperation** Alexis Heraclides, Gizem Alioğlu Çakmak, 2019-06-14 This book offers a sober contemplative and comprehensive coverage of Greek Turkish relations covering in depth the current political climate with due regard to the historical dimension The book includes up to date accounts of the traditional areas of unresolved discord Aegean minorities Cyprus the Patriarchate with

emphasis on why they remain contentious despite the thaw in Greek Turkish relations from 1999 until recently It also covers new topics and challenges that have led to cooperation as well as friction such as unprecedented economic cooperation energy resources or the refugee crisis Furthermore the volume deals with the Europeanization of Greek Turkish relations and other facilitating factors as they appeared in the first decade of the 21st century including the role of civil society as well as the contrary de Europeanization from the 2010 onwards which presages a hazardous downward trend in their relations often not helped by the media in both countries which is also examined This volume will be essential reading to scholars and students of Greek Turkish relations more generally Greece and Turkey and more broadly to the study of South European Politics European Union politics security studies and International Relations

A hybrid approach to decolonize formal water law in Africa van Koppen, Barbara, Schreiner, B., 2018-12-11

With Us and Against Us Stephen Tankel, 2018-05-22

In the wake of the September 11 attacks President George W Bush drew a line in the sand saying Either you are with us or you are with the terrorists Since 9 11 many counterterrorism partners have been both with and against the United States helping it in some areas and hindering it in others This has been especially true in the Middle East Africa and South Asia where the terrorist groups that threaten America are most concentrated Because so many aspects of U S counterterrorism strategy are dependent on international cooperation the United States has little choice but to work with other countries Making the most of these partnerships is fundamental to the success of the War on Terror Yet what the United States can reasonably expect from its counterterrorism partners and how to get more out of them remain too little understood In *With Us and Against Us* Stephen Tankel analyzes the factors that shape counterterrorism cooperation examining the ways partner nations aid international efforts as well as the ways they encumber and impede effective action He considers the changing nature of counterterrorism exploring how counterterrorism efforts after 9 11 critically differ both from those that existed beforehand and from traditional alliances Focusing on U S partnerships with Algeria Egypt Mali Pakistan Saudi Arabia and Yemen against al Qaeda ISIS and other terrorist organizations Tankel offers nuanced propositions about what the U S can expect from its counterterrorism partners depending on their political and security interests threat perceptions and their relationships with the United States and with the terrorists in question *With Us and Against Us* offers a theoretically rich and policy relevant toolkit for assessing and improving counterterrorism cooperation devising strategies for mitigating risks and getting the most out of difficult partnerships

Illegal Entrepreneurship, Organized Crime and Social Control Georgios A. Antonopoulos, 2016-06-16 This book covers organized crime groups empirical studies of organized crime criminal finances and money laundering and crime prevention gathering some of the most authoritative and well known scholars in the field The contributions to this book are new chapters written in honor of Professor Dick Hobbs on the occasion of his retirement They reflect his powerful influence on the study of organized crime offering a novel perspective that located organized crime in its socio economic context studied through prolonged ethnographic engagement Professor Hobbs has influenced a

generation of criminology researchers engaged in studying organized crime groups and this work provides a both a look back and this influence and directions for future research It will be of interest to researchers in criminology and criminal justice particularly with a focus on organized crime and financial crime as well as those interested in corruption crime prevention and applications of ethnographic methods
