LornaMarie,2018-06-11
This book is a treasure in the hands of anyone required to use oratory skill in their role
It is known in most countries of the world that lawyers are good orators perhaps due to the nature of their profession
Barristers are known to address the court
Some of our world leaders past and present are great orators it is however important to note that while not all of them were lawyers they have delivered remarkable and memorable speeches to their respective nations
One of the qualities of a good leader is the ability to address the nation with good oratory skills
This book therefore explores the power and effect that words have on all of us **New Prophet or Spiritual Villain?** Denny JA,2020-11-01

If you wish to be alive many times with different personalities and various experiences watch and appreciate a significant number of films
Undergo through the imagination and ponder their numerous stories as if you were living in those stories
Watching good films make me encounter different events as if I dived and became part of the films
I interact with various roles in the films feel the story of the depth or falsehood of love the struggle the friendship the success or the failure the betrayal and the tragedy presented in the films
Every week I watch about 3 10 films it depends on my other activities
My friends who know my fixation with films say that being a political or business consultant is just my side job
And my main job is watching films
It is not the satisfaction of watching the latest movies that move me
But it is the film that made me feel like I was making a spiritual journey into the atmospheres and events in the films
My mind is truly enriched
While watching the movie I laughed got angry was overwhelmed choked and shed the tears
I came across Richard Nixon s words
If you want to explore politics don t read political science books but read religion philosophy and literature
Based on my personal experience Nixon s quote needs to be revised and expanded
If you want to explore the human spirit and the character watch a good film
Contemplate and live it as if you were engaged in the events taking place in the film **Winston Churchill** R. Crosby Kemper (III.),1996

A collection of lectures delivered at the Winston Churchill Memorial and Library on the campus of Westminster College by authorities on British history and on Sir Winston Churchill and by those personally acquainted with him including his daughter Mary Soames and his private secretary
Topics include Churchill s ambivalence toward the Conservative party his belief in British imperial rule in India and his role in the Cold War and the origins of the Iron Curtain speech c Book News Inc
