Classroom Conversations A Collection Of Classics For Parents And Teachers:

Classroom Conversations Alexandra Miletta, Maureen McCann Miletta, 2008 In an outstanding collection of classic readings on teaching and learning two generations of educators a mother and daughter point to the great thinkers who have shaped their beliefs and practices in education and who continue to influence teachers today [The Muses Go to School](#) Herbert R. Kohl, Tom Oppenheim, 2012 What do Whoopi Goldberg Philip Seymour Hoffman Rosie Perez and Phylicia Rashad have in common A transformative encounter with the arts during their school years These famous performers each credit an encounter with the arts at school with helping them discover their inner humanity and putting them on the road to fully realized creative lives "Multiplication Is for White People" Lisa Delpit, 2012-03-20 From the MacArthur Award winning education reformer and author of the bestselling *Other People's Children* a long awaited new book on how to fix the persistent black white achievement gap in America's public schools As MacArthur Award winning educator Lisa Delpit reminds us and as all research shows there is no achievement gap at birth In her long awaited second book Delpit presents a striking picture of the elements of contemporary public education that conspire against the prospects for poor children of color creating a persistent gap in achievement during the school years that has eluded several decades of reform Delpit's bestselling and paradigm shifting first book *Other People's Children* focused on cultural slippage in the classroom between white teachers and students of color Now in *Multiplication Is for White People* Delpit reflects on two decades of reform efforts including No Child Left Behind standardized testing the creation of alternative teacher certification paths and the charter school movement that have still left a generation of poor children of color feeling that higher educational achievement isn't for them In chapters covering primary middle and high school as well as college Delpit concludes that it's not that difficult to explain the persistence of the achievement gap In her wonderful trademark style punctuated with telling classroom anecdotes and informed by time spent at dozens of schools across the country Delpit outlines an inspiring and uplifting blueprint for raising expectations for other people's children based on the simple premise that multiplication and every aspect of advanced education is for everyone

The Intersections of Critical Pedagogy, Critical Literacy, and Social Justice Katharine Covino, Cara Mulcahy, 2024-01-22 Critical literacy research has highlighted the complexities associated with integrating critical literacy theory with classroom practice recognizing the intersection between critical literacy and culturally sustaining pedagogies and the resistance faced by educators as they create spaces for courageous conversations critical engagement with text and progressive text creation Although the complexities of moving from theory to practice are more understood than they previously were how educators navigate the inherent tensions of fostering and sustaining a critical practice is less clear This volume defines educator as a PreK-12 classroom teacher or as a teacher educator whose work is predominantly associated with university-based teacher education Their roles and responsibilities are diverse Through an unpacking of the curricula courses programs and professional learning spaces in which educators

operate this edited volume seeks to answer these questions How do educators develop a critical practice of their own How do educators navigate areas of resistance How do educators sustain their practice in the face of resistance How do educators address concerns of parents colleagues administrators and stakeholders How do educators link social justice issues to critical literacy critical pedagogy Human Behavior in the Social Environment Anissa Taun Rogers,2016-02-26 The fourth edition of Human Behavior in the Social Environment takes a life course perspective to give a concise compact treatment of human behavior This edition includes the DSM 5 the 2015 EPAS competencies and a new chapter that explores the future of social work and some of the emerging issues facing the profession The text also comes with a rich companion website that includes support materials and six unique cases that encourage students to learn by doing and to apply their knowledge of human behavior to best practices Go to www.routledgesw.com to explore the cases and additional resources Connecting Inquiry and Professional Learning in Education Anne Campbell,Susan Groundwater-Smith,2013-03-07 How might inquiry enhance the professional practice of student and practising teachers teacher educators and other practitioners What effect might this have on the learning of young people in and outside of the classroom Based on the findings of an international colloquium and drawing upon a range of practices from the UK USA Canada Europe and Australia this book is designed to make explicit the connections between Practitioner Inquiry and Teacher Professional Learning in Initial Teacher Education and Ongoing Teacher Professional Development Considering issues such as the relationship between practitioner inquiry and pedagogical content knowledge whether it is possible to scale up from small local and intensive innovations to more broadly based inquiry inquiry s role in professional identity both individual and communal prevailing socio political contexts and consequences for social policy formation It brings together writers who work in designing teacher education courses and those who are practice based researchers and policy makers Crucially many of these writers inhabit both spheres and their accounts of how they successfully combine their multiple roles will prove vital reading for all those involved in examining and improving practice leading to enhanced teacher professional learning *Human Behavior in the Social Environment* Anissa Rogers,2025-05-26 Human Behavior in the Social Environment Perspectives on Development and the Life Course returns for a seventh edition to provide students with an expansive overview of the major theories and issues related to human behavior and the social environment that are important to understand for professional practice across a variety of cases and contexts Maintaining its clarity and cohesion this edition has been updated to offer students current and relevant information on important topics in social work practice and expanded to help students understand the complexity of the issues they will face in the field including how poverty diversity and strengths affect human development and behavior Several new theoretical perspectives appear in this update including indigenous theory new feminism and restorative justice and these additions complement the major psychological sociological life course and anti oppressive theories that have come to define this book s grounded and balanced coverage Illustrated and fully supported by a set of Quick Guides for students engaged in field work

vignettes woven throughout the book and a full package of interactive cases and instructor led resources that are available on www.routledgesw.com the new edition of Human Behavior in the Social Environment is a perfect complement to this foundation course on the undergraduate and graduate level Its signature theoretical framework equips students to have a well rounded understanding to call upon and apply to the myriad client problems and situations they will need to practice social work
