Cape Verde Lets Citizenship Millennium:

Cape Verde, Let's Go Derek Pardue, 2015-11-15 Musicians rapping in kriolu a hybrid of Portuguese and West African languages spoken in Cape Verde have recently emerged from Lisbon's periphery. They popularize the struggles with identity and belonging among young people in a Cape Verdean immigrant community that shares not only the kriolu language but its culture and history. Drawing on fieldwork and archival research in Portugal and Cape Verde, Derek Pardue introduces Lisbon's kriolu rap scene and its role in challenging metropolitan Portuguese identities. Pardue demonstrates that Cape Verde, while relatively small within the Portuguese diaspora, offers valuable lessons about the politics of experience and social agency within a postcolonial context that remains poorly understood. As he argues, knowing more about both Cape Verdeans and the Portuguese invites clearer assessments of the relationship between the experience and policies of migration. That in turn allows us to better gauge citizenship as a balance of individual achievement and cultural ascription. Deftly shifting from domestic to public spaces and from social media to ethnographic theory, Pardue describes an overlooked phenomenon transforming Portugal, one sure to have parallels in former colonial powers across twenty-first century Europe. Today, the practice incorporates song, dance, acrobatics, and theatrical improvisation and leads many participants into activism. Lauren Miller Griffith's extensive participant observation with multiple capoeira groups informs her ethnography of capoeiristas, both individuals and groups in the United States. Griffith follows practitioners beyond their physical training into social justice activities that illuminate capoeira's strong connection to resistance and subversion. As both individuals and communities of

capoeiristas participants march against racial discrimination celebrate Martin Luther King Jr Day and Juneteenth organize professional clothing drives for job seekers and pursue economic and environmental justice in their neighborhoods For these people capoeira becomes a type of serious leisure that contributes to personal growth a sense of belonging and an overall sense of self while also imposing duties and obligations An innovative look at capoeira in America Graceful Resistance reveals how the practicing of an art can catalyze action and transform communities *Urban Emotions and the Making of the City*
