Dave Barry Slept Here A Sort Of History Of The United States:

Dave Barry Slept Here Dave Barry, 1990 The syndicated humor columnist offers simple and wildly humorous solutions to the problems of educating Americans on their nation's history

Dave Barry Slept Here Dave Barry, 2010-07-28 What caused the American Revolution This is indeed a rhetorical question that for many years historians have begun chapters with As well they should For the American Revolution is without a doubt the single most important historical event to occur in this nation except of course for Super Bowl III Jets 16 Colts 7 This historian won 35 So goes the skewed sensibility the muddled mind the bent pen of one of America's funniest writers Dave Barry This time his subject is U S history the way it's never been told before Every single momentous event and crucial moment is covered including The Birthing Contractions of a Nation Kicking Some British Butt Barging Westward The Forging of a Large Wasteful Bureaucracy Deep Economic Doo doo The Fifties Peace Prosperity Brain Death and right up through the scintillating Reagan Bush years during which Mr Barry notes America is steadfastly Napping Toward Glory If you love to laugh if you love your country if you are unaware that the Sixth Amendment states that if you are accused of a crime you have a right to a trial before a jury of people too stupid to get out of jury duty Dave Barry Slept Here is the book you've been waiting for since 1776 Or at least since Super Bowl III Praise for Dave Barry Slept Here A dazzling performance Barry is brilliant The Washington Post Book World Dave Barry turns his formidable wit to the subject of American history with a result reminiscent of the Reduced Shakespeare Company The better you know the original the funnier it gets Los Angeles Times I fear that Mr Barry's dream of making millions of dollars through mass sales of his book to a captive audience of innocent schoolchildren will not be realized and he will have to be content with making readers laugh a lot as this one did The New York Times Book Review

Dave Barry Turns Forty Dave Barry, 2010-07-28 Just the ticket for the 90s SAN FRANCISCO CHRONICLE If you're too young for a nursing home yet too old to be a rock star if your marriage is as exciting as scraping grass off the lawnmower blades then this hilarious book by Pulitzer Prize winning columnist and author is for you Put on your protective eyewear and take a probing look inside your increasingly Spam like body at The Midlife Yawn Marriage Wise Financial Planning for Irresponsible Scum Such as Yourself Sex After 40 or Sex After 40 and other harsh but amusing realities that leave you laughing crying and drooling

Dave Barry Hits Below the Beltway Dave Barry, 2002-10-29 Just in time Dave Barry supplies the wholly original much needed history and guide to the new American politics and its three capitals Washington D C Austin and South Florida No surprise it's hilarious Understanding the urgent need for a deeply thoughtful balanced book to explain our national political process Dave Barry has not even come close Though he himself has covered many campaigns run for President several times and run for cover at the rainy inauguration of George W Bush the man will spare nothing for his art Barry has instead outdone himself Below the Beltway includes Barry's stirring account of how the United States was born including his version of a properly rewritten Declaration When in the course of human events it behooves us the people not to ask What can our country do for

us anyway but rather whether we have anything to fear except fear itself and a revised Constitution Section II The House of Representatives shall be composed of people who own at least two dark suits and have not been indicted recently Dave also cracks the income tax code explains the growth s of government congressional hearing difficulties and the persistent rumors of the influence of capital in the Capitol Among other civic contributions his tour of Washington D C should end school class trips forever Dave Barry's Greatest Hits Dave Barry,2010-07-28 When Dave Barry is on the loose no one is safe What

Samuel,2015-11 American history is ubiquitous underscoring everything from food to travel to architecture and design It is also emotionally charged frequently crossing paths with political and legal issues In Remembering America Lawrence R Samuel examines the place that American history has

occupied within education and popular culture and how it has continually shaped and reflected our cultural values and national identity The story of American history Samuel explains is not a straight line but rather one filled with twists and turns and ups and downs its narrative path as winding as that of the United States as a whole Organized around six distinct eras of American history ranging from the 1920s to the present Samuel shows that our understanding of American history has often generated struggle and contention as ideologically opposed groups battled over ownership of the past As women and minorities gained greater power and a louder voice in the national conversation our perspectives on American history became significantly more multicultural bringing race gender and class issues to the forefront These new interpretations of our history helped to reshape our identity on both a national and an individual level Samuel argues that the fight for ownership of our past combined with how those owners have imparted history to our youth crucially affects who we are Our interpretation and expression of our country s past reflects how that self identity has changed over the last one hundred years and created a strong sense of our collective history one of the few things Americans all have in common 2 Peter, Jude Douglas J.
