Allan Dwan and the Rise and Decline of the Hollywood Studios Frederic Lombardi, 2013-03-05 It could be said that the career of Canadian born film director Allan Dwan 1885 1981 began at the dawn of the American motion picture industry Originally a scriptwriter Dwan became a director purely by accident Even so his creativity and problem solving skills propelled him to the top of his profession He achieved success with numerous silent film performers most spectacularly with Douglas Fairbanks Sr and Gloria Swanson and later with such legendary stars as Shirley Temple and John Wayne Though his star waned in the sound era Dwan managed to survive through pluck and ingenuity Considering himself better off without the fame he enjoyed during the silent era he went on to do some of his best work for second echelon studios notably Republic Pictures *Sands of Iwo Jima* and such independent producers as Edward Small Along the way Dwan also found personal happiness in an unconventional manner Rich in detail with two columns of text in each of its nearly 400 pages and with more than 150 photographs this book presents a thorough examination of Allan Dwan and separates myth from truth in his life and films

James Baldwin A. Scott Henderson, Paul Lee Thomas, 2014-05-05 The recognition and study of African American AA artists and public intellectuals often include Martin Luther King Jr and occasionally Booker T Washington W E B DuBois and Malcolm X The literary canon also adds Ralph Ellison Richard Wright Langston Hughes and others such as female writers Zora Neale Hurston Maya Angelou and Alice Walker Yet the acknowledgement of AA artists and public intellectuals tends to skew the voices and works of those included toward normalized portrayals that fit well within foundational aspects of the American myths reflected in and perpetuated by traditional schooling Further while many AA artists and public intellectuals are distorted by mainstream media public and political characterizations and the curriculum several powerful AA voices are simply omitted ignored including James Baldwin This edited volume gathers a collection of essays from a wide range of perspectives that confront Baldwin's impressive and challenging canon as well as his role as a public intellectual

Contributors also explore Baldwin as a confrontational voice during his life and as an enduring call for justice *Maternal Child Nursing Care - E-Book* Shannon E. Perry, Marilyn J. Vital Signs 2003-2004 Worldwatch Institute, 2021-04-14 This annual volume from the Worldwatch Institute gives prominence to key trends that often escape the attention of the news media world leaders and economic experts The book distills 36 vital signs of our times from thousands of governmental industrial and scientific sources allowing readers to track key indicators that show our social economic and environmental progress or lack of it Each trend is presented in both text and graphics providing a thorough overview

Samuel Beckett and the Theatre of the Witness Hannah Simpson, 2022-05-12 Samuel Beckett and the Theatre of the Witness explores Beckett's representation of physical pain in his theatre plays in the long aftermath of World War II emphasising how the issues raised by this staging of pain speak directly to matters lying at the heart of his work the affective

power of the human body the doubtful capacity of language as a means of communication the aesthetic and ethical functioning of the theatre medium and the vexed question of intersubjective empathy Alongside the wartime and post war plays of fellow Francophone writers Albert Camus Eug ne Ionesco Pablo Picasso and Marguerite Duras this study resituates Beckett s early plays in a new conceptualising of le th tre du t moin or a theatre of the witness These are plays concerned with the epistemological and ethical uncertainties of witnessing another s pain rather than with the sufferer s own direct experience They raise troubling questions about our capacity to comprehend and respond to another being s pain Drawing on an interdisciplinary framework of extant criticism recorded historical audience response theatre and affect theory and medical understandings of bodily pain Hannah Simpson argues that these plays do not offer any easily negotiable encounter with physical suffering pushing us to recognise the very otherness of another being s pain even as it invades our own affective sphere In place of any comforting transcendence or redemption of endured pain they offer a starkly sceptical even pessimistic probing of what it is to witness another s suffering *Unwritten History* Cosmo Hamilton,1924 **An**
