Canyons John Wesley Powell, 2017-07-18 Excerpt from The Exploration of the Colorado River and Its Canyons Formerly Titled Canyons of the Colorado N my return from the first exploration of the canyons of the Colorado I found that our journey had been the theme of much newspaper writing A story of disaster had been circulated with many particulars of hardship and tragedy so that it was currently believed throughout the United States that all the mem bers of the party were lost save one A good friend of mine had gathered a great number of obituary notices and it was interesting and rather attering to me to discover the high esteem in which I had been held by the people of the United States In my supposed death I had attained to a glory which I fear my continued life has not fully vindicated The exploration was not made for adventure but purely for scientific purposes geographic and geologic and I had no intention of writing an account of it but only of recording the scientific results Immediately on my return I was interviewed a number of times and these interviews were published in the daily press and here I supposed all interest in the exploration ended But in 187 4 the editors of Scribner s Monthly requested me to publish a popular account of the Colorado exploration in that journal To this I acceded and prepared four short articles which were elaborately illustrated from photographs in my possession About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Canyons of the Colorado** J. Powell, 2021-09-04 Book Excerpt d Papagos They are skilled agriculturists cultivating lands by irrigation In the same region many ruined villages are found The dwellings of these towns in the valley were built chiefly of grout and the fragments of the ancient pueblos still remaining have stood through centuries of storm Other pueblos near the cliffs on the northeast were built of stone The people who occupied them cultivated the soil by irrigation and their hydraulic works were on an extensive scale They built canals scores of miles in length and built reservoirs to store water They were skilled workers in pottery From the fibers of some of the desert plants they made fabrics with which to clothe themselves and they cultivated cotton They were deft artists in picture writings which they etched on the rocks Many interesting vestiges of their ancient art remain testifying to their skill as savage artisans It seems probable that the Pimas Maricopas and Papagos are the same people who built the pueblos and constructed the irr Read More **Canyons of the Colorado** J W Powell, 2021-06-08 Canyons of the Colorado has been considered important throughout the human history and so that this work is never forgotten we have made efforts in its preservation by republishing this book in a modern format for present and future generations This whole book has been reformatted retyped and designed These books are not made of scanned copies of their original work and hence the text is clear and readable
