E. Løgstrup, Bjørn Rabjerg, Robert Stern, 2023 This is the first English edition of a major work by the Danish philosopher and theologian K E Løgstrup 1905-81 It focuses on four main themes in Kierkegaard his understanding of Christ and Christianity his understanding of suffering in human existence Christian vs secular ethics and Platonistic influences on Kierkegaard **Kierkegaard and the Paradox of Religious Diversity** George B. Connell, 2016-02-24 Søren Kierkegaard 1813-1855 famously critiqued Christendom especially the religious monoculture of his native Denmark But what would he make of the dizzying diversity of religious life today In this book George Connell uses Kierkegaard's thought to explore pressing questions that contemporary religious diversity poses Connell unpacks an underlying tension in Kierkegaard revealing both universalistic and particularistic tendencies in his thought Kierkegaard's paradoxical vision of religious diversity says Connell allows for both respectful coexistence with people of different faiths and authentic commitment to one's own faith Though Kierkegaard lived and wrote in a context very different from ours this nuanced study shows that his searching reflections on religious faith remain highly relevant in our world today

Kierkegaard: Fear and Trembling C. Stephen Evans, Sylvia Walsh, 2006-07-20 In this rich and resonant work Søren Kierkegaard reflects poetically and philosophically on the biblical story of God's command to Abraham that he sacrifice his son Isaac as a test of faith Was Abraham's proposed action morally and religiously justified or murder Is there an absolute duty to God Was Abraham justified in remaining silent In pondering these questions Kierkegaard presents faith as a paradox that cannot be understood by reason and conventional morality and he challenges the universalist ethics and immanent philosophy of modern German idealism especially as represented by Kant and Hegel This volume first published in 2006
