Pearson Etext Database Concepts -- Access Card David M Kroenke,David Auer,Scott L Vandenberg,Robert C Yoder,2019-09-11 Hands on exploration of database fundamentals Database Concepts offers students practical help creating and managing small databases from two of the world s leading database authorities The text focuses on database concepts

rather than features and functions of a particular product making it flexible enough to work with the instructor's preferred software. Data sets for three sample databases run throughout portions of the text so students can practice working with complete databases. Three running projects challenge learners to apply concepts and techniques to real business situations. In the 9th edition, Microsoft Office 2019 and particularly Microsoft Access 2019 is now the basic software used and is shown running on Microsoft Windows 10. For courses in database management, Pearson eText is a simple to use mobile optimized personalized reading experience that can be adopted on its own as the main course material. It lets students highlight, take notes, and review key vocabulary all in one place even when offline. Seamlessly integrated videos and other rich media engage students and give them access to the help they need when they need it. Educators can easily customize the table of contents, schedule readings, and share their own notes with students so they see the connection between their eText and what they learn in class, motivating them to keep reading and keep learning. And reading analytics offer insight into how students use the eText, helping educators tailor their instruction.

NOTE: This ISBN is for the Pearson eText access card. For students purchasing this product from an online retailer, Pearson eText is a fully digital delivery of Pearson content and should only be purchased when required by your instructor. In addition to your purchase, you will need a course invite link provided by your instructor to register for and use Pearson eText.
