A Guide to Successful Dating Anthony Ekanem, 2016-06-02 When it comes to successful dating whether as a man or a woman the number one thing you need to have is confidence And confidence is something that can be garnered with careful and correct guidance and input One of the ways to appear confident is to be as well versed as possible on a few selective topics where the intellect of the individual can be clearly displayed within the confines of the said topics Injecting relevant comments periodically into the conversation can effectively portray the confidence levels of the individual if the comments are carefully selected for its interesting and informative style Besides the ability to converse well and on a variety of carefully selected topics dressing well will also help to portray a suitable and impressive level of confidence in the individual Men who take the trouble to dress well and comfortably usually mentally and subconsciously radiate the self confidence aura that is very positively impacting on those around This often very powerful way of portraying confidence also help the individual gain even

more attention and respect than otherwise possible Therefore the power of dressing well should never be underestimated Being well groomed will also help the male to draw admirable glances which will ultimately contribute to the confidence levels being established and increased Also all females appreciate the efforts taken by males in their grooming regimen as it shows the characteristics of someone who is meticulous and concerned about his appearance Getting positively noticed by females certainly helps to build up further confidence levels
