Forgotten Chaucer Scholarship of Mary Eliza Haweis, 1848-1898 Mary Flowers Braswell, 2016-06-17 The author of numerous books on Geoffrey Chaucer the nineteenth-century scholar Mary Eliza Haweis has been largely erased from general histories of Chaucer studies In her critical biography Mary Flowers Braswell traces Haweis's career bringing her out of obscurity and placing her contributions to Chaucer scholarship in the context of those of influential Chaucerians of the period such as Frederick James Furnivall Walford Dakin Selby and Walter Rye Braswell draws on extensive archival research from a broad range of late Victorian newspapers journals and society papers to weave a fascinating picture of Haweis's own life and work

which in quantity and quality rivaled that of her contemporaries. Here we discover corrected assumptions related to the Chaucer seal and texts bringing her findings to the attention of the public in works such as *Chaucer for Schools*, the first textbook on the poet. Braswell also sheds light on the ways in which fashion, society, culture, art, and leisure activities intermingled with scholarship, archival recovery, museum work, editing, writing, and publishing in the late Victorian middle and upper classes. Concluding with a discussion of Haweis's forgotten role as head of the Chaucer section for the National Home Reading Union, Braswell's book makes a strong case both for Haweis's influence as a Chaucer scholar and her importance as an educator in nineteenth-century Britain and the United States.

at Canterbury **Sex and Sexuality in a Feminist World** Katherine A. Hermes, Karen A. Ritzenhoff, 2009-01-14 Sex and sexuality are topics that have defined feminism since its inception. What has changed is that there is now a generation of feminists and scholars who are comfortable not only to write in their own disciplines but who incorporate feminist ideas in their research. This book assembles a variety of essays, most of which were written especially for this collection, that negotiate sex and sexuality in historical contexts as well as in contemporary times. There is a common ground of history and popular culture among the articles. While different theories of feminism operate in these essays, feminist lenses have allowed the reevaluation of familiar topics from early religious practices to medieval literature to current films and advertising. The authors represented in this collection range from established feminist and gender scholars to those who employ feminist theoretical frameworks in their respective disciplines.
