Observing Theatre Daniel Meyer-Dinkgräfe, 2013-12-01 Daniel Meyer Dinkgräfe and co authors take the exploration of the subjective dimension of theatre its spiritual context its relation to consciousness and natural law further than ever before thanks to the context provided by the thinking of German geobiologist Hans Binder We present relevant aspects of Binder s approach as precisely as possible then take Binder s approach for granted to tease out the implications of that approach to the issues of theatre including nostalgia intercultural theatre theatre criticism dealing with demanding roles the canon theatre and philosophy digital performance practice as research and applied theatre Overall the book proposes an overarching emphasis on the importance of living in the present and the concomitant need to abandon obsolete but still powerful patterns of the past In this context theatre according to Binder has a global responsibility for the new world in which humans are liberated from the scourge of the past Theatre has the power and thus the responsibility to be path breaking for a new fiction to show to people in a playful and creative manner the direction in which the new consciousness can move Daniel Meyer Dinkgräfe is Professor of Drama at the Lincoln School of Performing Arts University of Lincoln He has numerous publications on the topic of Theatre and Consciousness to his credit and is founding editor of the peer reviewed web journal *Consciousness Literature and the Arts* and the book series of the same title with Rodopi **Into the Fire** John B. Owen, 2013-02-20 For most college football players practice is the most difficult part of their day and for many of them playing for the NFL is the goal At the United States Naval Academy the twenty one hours a day the players spend off the field are at least as demanding as the three that they spend on the field and their post college futures are determined serving their country as officers leading Sailors and Marines For over 130 years Navy football has maintained a proud tradition of courage resilience and never flinching in the face of long odds and a good fight The 2007 season was a thrilling and timeless example of the inseparable goals of Navy football winning on the field and developing future officers of character and integrity Through the words that the team chaplain shared with the team prior to every game youll see why at Navy football is about a lot more than just football more than a story about athletics It is a stimulating read Roger Staubach USNA 65 1963 Heisman Trophy Super Bowl VI MVP It is inspiring to learn the truths that Chaplain Owen shared with the team prior to each game
