High school graduates are encouraged to take college courses during their high school years. This is especially important for students who are interested in careers that require a college degree. Many high schools offer dual enrollment programs, which allow students to earn college credit while still in high school. This can help students save time and money on college tuition and fees. Additionally, taking college courses in high school can help students develop the study skills and discipline needed for success in college.

BIGS DEEPER, LOADS HIGHER... MORE FOR YOUR MONEY

Here's a "matched" digging-loading combination that cuts more trench, loads more yards per day than competitive make machines... yet is lower priced in its class. Case-built Backhoe dig-and-dump cycles per hour become smooth 180" using its foot-operated, leveling hands free to maneuver bucket and dipper stick while swinging. The Case-built Loader — with choice of 4 sizes of buckets — loads out home yardage on every "pass", maneuvers faster to make more round-trips. Extra coverage, teamed with big 21 gpm hydraulic pump, covers 4000 cu. breakaway bins... lifts 2000-lb. loads to clear 10'10 1/2" height. The entire Model 320 unit — engineered, built, and powered by Case — is husky and strong to maintain high rate of production, with minimum upkeep and repair expense.
