Cataclysm 1 The First 73 Days:

Creation, Un-creation, Re-creation Joseph Blenkinsopp, 2011-02-17 Joseph Blenkinsopp provides a new commentary on Genesis 1 11 the so called Primeval History in which the account of creation is given Blenkinsopp works with the conviction that from a biblical point of view creation cannot be restricted to a single event nor to two versions of an event as depicted in Genesis 1 3 but rather must take in the whole period of creation arranged in the sequence creation uncreation recreation as can be derived from Genesis 1 11 Through the course of the commentary presented in continuous discussion rather than in a rigid verse by verse form Blenkinsopp takes into account pre modern interpretations of the texts especially in the Jewish interpretative tradition as well as modern historical critical interpretations Blenkinsopp works from the perspective of acknowledging the text's literary integrity as an authored work rather than focusing simply on its background in various sources whilst of course paying due attention to those sources This enables Blenkinsopp's engaging discussion to focus upon the literary and theological artistry of the material at hand **The International Socialist**

Review Algie Martin Simons, Charles H. Kerr, 1916 Cataclysm David Stevenson, 2009-03-25 David Stevenson's widely acclaimed history of World War I changes forever our understanding of that pivotal conflict Countering the commonplace assumption that politicians lost control of events and that the war once it began quickly became an unstoppable machine Stevenson contends that politicians deliberately took risks that led to war in July 1914 Far from being overwhelmed by the unprecedented scale and brutality of the bloodshed political leaders on both sides remained very much in control of events throughout According to Stevenson the disturbing reality is that the course of the war was the result of conscious choices including the continued acceptance of astronomical casualties In fluid prose Stevenson has written a definitive history of the man made catastrophe that left lasting scars on the twentieth century Cataclysm is a truly international history incorporating new research on previously undisclosed records from governments in Europe and across the world From the complex network of secret treaties and alliances that eventually drew all of Europe into the war through the bloodbaths of Gallipoli and the Somme to the arrival of American forces and the massive political economic and cultural shifts the conflict left in its wake Cataclysm is a major revision of World War I history **The Secret Doctrine** H.P.
