Judith R. Walkowitz, 1992 **An essay discussing "City of Dreadful Delight" by Judith R. Walkowitz** Jane Vetter, 2008-10-13 Essay from the year 2006 in the subject Cultural Studies Miscellaneous University of North Florida language English abstract In 1888 Great Britain was in the middle of the Victorian era and on the height of its international significance mainly because of imperialistic strategies in order to abide British power by gaining resources from colonies However there were substantial depressions due to agricultural problems and foreign competition in regard to industrialization Not only was the population growing rapidly but also the circulation of newspapers This novel media phenomenon led to a huge hype regarding the Jack the Ripper murders focusing on narratives Victorian fantasies regarding gender and sex and a mixture of actual facts and imaginary ideas Within ten weeks five murders of prostitutes took place within Whitechapel a poor part of Eastern London The press concentrated on various elements such as setting mystery and motive of the homicides possible suspects coming from different classes and circumstances and the lives of the victims transforming the case into a national scandal 201 *The Blackwell City Reader*

The Sexist Microphysics of Power Nerea Barjola, 2024-05-07 A groundbreaking feminist text that frames our obsession with true crime as a form of sexual terror In 1992 three teenage girls went missing from the small town of Alcásser in Valencia Spain while on their way to a nightclub in a case whose strangeness and brutality continues to draw popular speculation decades later Feminist theorist Nerea Barjola retraces the high profile search to find them and the media frenzy of the ensuing trial to explore our cultural fascination with the harm done to women's bodies The graphic rehearsal of the details in news and media fuels cautionary tales of sexual danger that induce in women a mental map of places they can and cannot go the activities they dare not do Rape is not an individual crime but the expropriation of the female body a threat leveled against a class of potential victims that shifts the burden of staying safe onto their own internalized policing This Barjola argues is the frontline for female transgression freedom and resistance Offering a feminist take on Giorgio Agamben's concept of bare life this riveting case study identifies spaces where women cross beyond social limits a house a party a car into a place where danger is all but inevitable where the state of exception turns into the scene of the crime *The Sexist Microphysics of Power* builds on Judith Butler's work on performativity Michel Foucault's thinking on the day to day operations of power and Silvia Federici's analysis of the witch hunt to propose a paradigm shift in our understanding of the systemic impact of gender violence and of a culture that relishes in its lurid repetition In 2021 the Spanish government awarded the book a national distinction for the significance of its research for social transformation
