Dilemmas In Liberal Democratic Thought Since Max Weber:

Dilemmas in Liberal Democratic Thought Since Max Weber, 2nd. ed. Richard Wellen, 1996-05-31 Dilemmas in Liberal Democratic Thought since Max Weber establishes Max Weber's work as a touchstone for surveying the theoretical dilemmas of the liberal democratic tradition Through a subtle examination of Weber's status as a political thinker we are invited to consider new interpretations of later figures such as MacIntyre Rorty Strauss and Habermas Perhaps the most important contribution is Wellen's account of the tacit alternatives liberal thought has discovered in its own foundation and practical implications **Dilemmas in Liberal Democratic Thought Since Max Weber** Richard Wellen, 1993

Democracy & the Political in Max Weber's Thought Terry Maley, 2011-10-08 Max Weber is best known as one of the founders of modern sociology and the author of the Protestant Ethic and the Spirit of Capitalism but he also made important contributions to modern political and democratic theory In *Democracy and the Political in Max Weber's Thought* Terry Maley explores through a detailed analysis of Weber's writings the intersection of recent work on Weber and on democratic theory bridging the gap between these two rapidly expanding areas of scholarship Maley critically examines how Weber's realist model of democracy defines and constrains the possibilities for democratic agency in modern liberal democracies Maley also looks at how ideas of historical time and memory are constructed in his writings on religion bureaucracy and the social sciences *Democracy and the Political in Max Weber's Thought* is both an accessible introduction to Weber's political thought and a spirited defense of its continued relevance to debates on democracy **Max Weber** Alan Sica, 2017-09-08 The most profound and enduring social theorist of sociology's classical period Max Weber speaks as cogently to concerns of the new century as he did to those of the past In *Max Weber and the New Century* Alan Sica demonstrated Weber's preeminent position and lasting vitality within social theory by applying his ideas to a broad range of topics of contemporary concern Max Weber *A Comprehensive Bibliography* is a companion volume that offers some 4 600 bibliographic listings of work on Weber making it the most complete guide to the literature in English and a testament to the continued vitality of Weber's thought Sica's work supersedes all previous bibliographical efforts covering the Weber literature both in the quantity and accuracy of its references and the clarity and convenience of its format In order to demonstrate the enormous variety of Weberiana in English Sica has adopted a liberal criterion for inclusion rather than a critical one choosing to mix the best with what may be more routine work Following a preface in which previous bibliographies and bibliographic problems are discussed the volume opens with a series of five specialized bibliographies The first lists Weber's works in English translation The second lists reviews of Weber's major works including those translated into English while the third covers reviews of recent books and other work on Weber The fourth section contains a selection of dissertations and theses relating to Weber or his ideas The fifth includes primary and secondary sources treating Weber on rationality and rationalization processes The last and largest section offers a comprehensive Weber bibliography of works in English This large scale endeavor attempts to identify

Liberalism Versus Conservatism François B. Gérard,2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what to these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author

Democracy as the Political Empowerment of the People Majid Behrouzi,2005-01-01 This book along with its companion volume Democracy as the Political Empowerment of the Citizen relates the democratic potential of the latest electronic technologies to the idea of direct participatory democracy Taking a critical look at the past and present theories of democracy this volume clarifies the original meaning of the idea of democracy and explains the distortions it has suffered throughout its long history
