Cases And Materials On Statutory Interpretation American Casebook Series:

Cases and Materials on Statutory Interpretation William N. Eskridge (Jr.), Philip P. Frickey, Elizabeth Garrett, 2012 Softbound New softbound print book *Eskridge, Brudney, and Chafetz's Cases and Materials on Legislation and Regulation, Statutes and the Creation of Public Policy, 6th, 2021 Supplement* WILLIAM N. ESKRIDGE. BRUDNEY JR. (JAMES J.. CHAFETZ, JOSH.), William Eskridge Jr., James Brudney, Josh Chafetz, 2021-08-16 The 2021 Supplement incorporates important developments that have arisen or deepened since the publication of the sixth edition of the casebook in 2020 These developments include Notes on Reconciliation and the Filibuster in Chapter 1 Supreme Court decisions addressed to the law of representational structures in Chapter 2 *Brnovich v Democratic National Committee* and to theories of statutory interpretation in Chapter 5 *Bostock v Clayton County* and *Niz Chavez v Garland* extended Notes on original public meaning and a newer textualism in Chapter 5 and a Note on continuing debate over the series qualifier canon in Chapter 6 *Facebook Inc v Duguid* The Supplement further includes treatment of a number of recent Supreme Court decisions in Chapter 8 on appointment and removal *Seila Law LLC v Consumer Finance Protection Bureau* *Collins v Yellin* and *United States v Arthrex* on notice and comment rulemaking *Federal Communications Commission v Prometheus Radio Project* and on judicial review of agency rules *Department of Homeland Security v Regents of the Univ of California* and an extended Note on Executive Orders and the Regulatory Process in the Trump and Biden Eras Finally the Supplement covers a recent Supreme Court decision addressing deference to agency interpretations in Chapter 9 *Epic Systems Corp v Lewis* Cases and Materials on Legislation and Regulation William Eskridge Jr., James Brudney, Josh Chafetz, Philip Frickey, Elizabeth Garrett, 2025-06-23 The Seventh Edition offers a comprehensive and up to date introduction to the vital field of legislation and regulation It expands and deepens the book's focus on how legislatures agencies and courts contribute to the creation of public policy This edition includes new treatment of the Affordable Care Act the Civil Rights Act the Congressional Review Act and other legislation It covers recent executive orders and regulatory developments during the first Trump Administration and the Biden Administration And it incorporates decisions by the Supreme Court lower federal courts and state courts addressing inter alia racial vote dilution political gerrymandering conflicts of interest pragmatic and other theoretical approaches to statutory interpretation language structural and substantive policy canons the uses and value of legislative background context the nondelegation doctrine agency implementation under the APA and the Major Questions Doctrine which together with the overruling of *Chevron* have radically altered the scope of judicial deference to agency interpretations of statutes and regulations The Seventh Edition makes a uniquely rich contribution to the field it is perfect for 1L Legislation and Legislation Regulation LegReg courses and it remains the go to book for upper level courses *Cases and Materials on Legislation* William N. Eskridge (Jr.), Philip P. Frickey, Elizabeth Garrett, 2007 The fourth edition maintains the pathbreaking materials on theories of legislation the legislative process representational structures campaign finance regulation of lobbying direct

democracy the relation of statutes and the common law statutory interpretation and statutory implementation The new edition features up to date coverage of the Honest Leadership and Open Government Act of 2007 as well as substantially expanded coverage of judicial deference to administrative agency interpretation

Cases and Materials on Legislation, Statutes and the Creation of Public Policy William N. Eskridge, Jr., Philip P. Frickey, James J. Brudney, 2011-09-01 This documents supplement is the first legislation casebook supplement providing detailed legislative history and administrative materials to complement the cases and problems in the main text At the option of the instructor students can read the original materials that were central to statutory enactment and are debated in leading federal court decisions the Affirmative Action Cases Weber Johnson and Ricci the Christian Nation Case Holy Trinity the Expert Fees Cases West Virginia Hospitals v Casey and Blanchard v Bergeron the Spotted Owl Case Sweet Home the Carries a Gun Case Muscarello the Bankrupt Family Farm Case Sinclair and others In each instance the statute specific materials include an overview of the enactment process and a set of questions that can guide student inquiry and help frame classroom discussions

Cases and Materials on Creditors' Rights and Corporate Reorganization John Hanna, James Angell MacLachlan, 1957 Legal Methods Jane C. Ginsburg, 2004 Ginsburg's casebook provides detailed information on legal methods and the tools for fast easy on point research Part of the University Casebook Series it includes selected cases designed to illustrate the development of a body of law on a particular subject Text and explanatory materials designed for law study accompany the cases

The Canon of American Legal Thought David Kennedy, William W. Fisher III, 2018-06-05 This anthology presents for the first time full texts of the twenty most important works of American legal thought since 1890 Drawing on a course the editors teach at Harvard Law School the book traces the rise and evolution of a distinctly American form of legal reasoning These are the articles that have made these authors from Oliver Wendell Holmes Jr to Ronald Coase from Ronald Dworkin to Catherine MacKinnon among the most recognized names in American legal history These authors proposed answers to the classic question What does it mean to think like a lawyer an American lawyer Their answers differed but taken together they form a powerful brief for the existence of a distinct and powerful style of reasoning and of rulership The legal mind is as often critical as constructive however and these texts form a canon of critical thinking a toolbox for resisting and unravelling the arguments of the best legal minds Each article is preceded by a short introduction highlighting the article's main ideas and situating it in the context of its author's broader intellectual projects the scholarly debates of his or her time and the reception the article received Law students and their teachers will benefit from seeing these classic writings in full in the context of their original development For lawyers the collection will take them back to their best days in law school All readers will be struck by the richness the subtlety and the sophistication with which so many of what have become the clichés of everyday legal argument were originally formulated

The Past, Present, and Future of Legislation with Supermajority Boldizsár Artúr Szentgáli-Tóth, 2025-08-25 This book revisits the main challenges raised by the

implementation of supermajority legislation a constitutionally prescribed subcategory of statutory norms that covers at least in principle the most important fields of legislation and which is subject to stricter procedural requirements than the ordinary legislative process The book puts the issue in a broader context yielding valuable comparative insights It lays the theoretical groundwork for the interdisciplinary assessment of supermajority law concepts which are ranked somewhere between the constitutional and statutory level in the legal pyramid To cite the most important example there is still no coherent standard to help constitutional courts decide whether individual statutory provisions should be covered by supermajority legislation or ordinary legislation The three main points of departure are the following Firstly the book posits that supermajority shall be distinguished from ordinary laws as a separate constitutional concept and a category of legal sources with a legal rank falling clearly under the constitution but over ordinary laws The second assumption states that due to several shortcomings the current procedural frameworks of supermajority law could not maximize its efficiency as a constitutional instrument Other tools might better highlight the role of supermajority laws as safeguards vis vis their currently mostly restrictive character Thirdly the book relies on the assumption that the current concept of supermajority law covers an overbroad range of statutes Therefore the volume argues for the necessity of narrowing the supermajority legislation to counterbalance the distortive effects of this framework In light of these three considerations more legitimate alternative directions can be identified to further develop the existing main models the scope of this legal instrument might be diminished mandatory a priori review might be established while the reconsideration of the legislative process or the elaboration of precise contours for the hierarchy of norms might also be necessary This book is intended for policymakers scholars and university students interested in understanding the mechanisms of parliamentary legislation in more depth
