

To select a mode

Press **[MODE]** to cycle between the modes as shown below. The **[1] Left Dial Hand** indicates the currently selected mode.

Timekeeping

Use the Timekeeping Mode to show the current time and date. To enter the Timekeeping Mode from any other mode, hold down **[MODE]** at least two seconds.

Configuring Home City Settings

There are two Home City settings: actually selecting the Home City and selecting either standard time or daylight saving time (DST).

To change the Home City time between standard time and daylight saving time

1. Perform the step 1 under "To configure Home City settings".

- Each time you select a city code, the **[1] Hour Hand**, **[3] Minute Hand** and **[5] 24-hour Hand** move to the current time for that city code. Do not perform the next operation until these hands stop moving.
- While you are selecting the Home City code, the **[4] Left Dial Hand** will indicate whether the currently selected city code is configured for standard time (**STD**) or daylight saving/summer time (**DST**).

2. Press **[2]** to toggle the time for the city code of the currently selected Home City between **STD** (standard time)/**DST** (daylight saving time).

- Note that you cannot switch between **STD** (standard time)/**DST** (daylight saving time) while **UTC** is selected as your Home City.

3. After the setting is the way you want, press **[2]** to return to the Timekeeping Mode.

Note

- After you specify a city code, the watch will use UTC* offsets to calculate the World Time based on the current time in your Home City.
- Selecting some city codes makes it possible for the watch to receive the time calibration signal for the corresponding area automatically. See "Radio-Controlled Atomic Timekeeping" for details.
- * Coordinated Universal Time, the world-wide scientific standard of timekeeping. The reference point for UTC is Greenwich, England.

Configuring Current Time and Date Settings Manually

You can configure current time and date settings manually when the watch is unable to receive a time calibration signal.

Casio 5121 User Manual

Y Pai

Casio 5121 User Manual:
