By Tony H Latham Analyzing Ballistic Evidence On Scene By The Investigator Paperback:

Analyzing Ballistic Evidence Tony H. Latham, 2011 This book is the author's account of his first major undercover case while working as a game warden. It is full of the suspense, drama, humor, and tension that he felt as he assumed another identity as a risk-taking, less-than-honest smokejumper, fisherman, and hunter named Tony Henderson. Along with veteran undercover agent and fellow game warden Mike Best, he visits a remote bed and breakfast near the small town of Orofino, Idaho. The Crabtree is run by a character of questionable morals and cleanliness who keeps extremely questionable and somewhat dangerous company. This is a true account of Tony's experiences with real-life thieves, liars, poachers, and murderers.

Ballistics Barbara B. Rollins, Michael Dahl, 2004 Describes the science of ballistics, including the types of weapons and ammunition used in crimes, clues guns and bullets leave behind, techniques used by ballistics experts, and how ballistics evidence is used to solve crimes.
