

- Use **[<]** and **[>]** to change the **[Day]** setting.
- If you want to change the time setting at this time, press **[<]** and then perform the procedure starting from step 3 under "To change the current time setting manually".
- After the settings are the way you want, press **[<]** to return to regular timekeeping.
- This will cause the **[Second Hand]** to move automatically to 12 o'clock and resume movement from there.
- The day of the week indicated by the **[Left Dial Hand]** changes automatically in accordance with the date (year, month, and day).

Note

- The watch's built-in full automatic calendar makes allowances for different month lengths and leap years. Once you set the date, there should be no reason to change it except after you have the watch's rechargeable battery replaced or after power drops to Level 3.

Using the Stopwatch

The stopwatch measures elapsed time and split times.

- Hand Functions:**
- [Second Hand]:** Indicates the stopwatch 1/10-second count.
 - [Left Dial Hand]:** Indicates the stopwatch 1/100-second count.
 - [Right Dial Hand]:** Indicates the stopwatch minutes and seconds.

To perform elapsed time measurement

- Use **[<]** to move the **[Left Dial Hand]** to 9.
 - This indicates the **Stopwatch Mode**.
- Now you can perform either of following stopwatch operations.
 - You will not be able to perform any stopwatch operation while the hands are moving to their initial positions after you enter the Stopwatch Mode.

To perform an elapsed time operation

To pause at a split time

Note

- The Stopwatch Mode can indicate elapsed time up to 99 minutes, 59.99 seconds.
- In the following cases, the hands of the watch are moving, so pressing **[<]** or **[>]** will not perform any stopwatch operation.
 - While the hands are moving to stopped timekeeping after you enter the Stopwatch Mode.
 - While the watch is changing dates at midnight.
- Once started, stopwatch timing continues until you press **[<]** to stop it, even if you exit the Stopwatch Mode to another mode or timing reaches the stopwatch limit defined above.
- Whenever you enter the Stopwatch Mode, the hands of the watch move to their initial Stopwatch Mode positions. If you did not reset the stopwatch the last time you used it, the hands will return to the positions they were in the last time you exited the Stopwatch Mode.
- The **[Second Hand]** indicates the 1/10-second count for the first 30 seconds of a stopwatch elapsed time operation. After that, the hand stops at 9. 1/10-second timing continues internally after the first 30 seconds, and the **[Second Hand]** will jump to the current value whenever **[<]** (Stop) or **[>]** (Split) is pressed.
- Though the **[Left Dial Hand]** is stopped while an elapsed time measurement operation is in progress, the watch keeps track of the 1/100-second count internally. The **[Left Dial Hand]** will jump to the current 1/100-second reading whenever you stop the stopwatch or perform a split time operation.

Checking the Current Time in a Different Time Zone

You can use the World Time Mode to view the current time in one- or 24-time zones around the globe. Each time has a "city code", which is a three-letter abbreviation of a representative city in the zone. The representative city of the time zone that is currently selected in the World Time Mode is called the "World Time City".

- Hand Functions:**
- [Second Hand]:** Indicates the currently selected World Time City.
 - [Left Dial Hand]:** Indicates the current **STD** (standard time) or **DST** (daylight saving time) setting of the currently selected World Time City.
 - [Right Dial Hand]:** Indicates the current time in the selected World Time City in 24-hour format.

To view the time in another time zone

- Use **[<]** to move the **[Left Dial Hand]** to **STD** or **DST**.
 - This indicates the World Time Mode.
- Use **[<]** to move the **[Second Hand]** to the city code you want to select as the World Time City.
 - The **[Right Dial Hand]** will move to the current time in the currently selected World Time City. At this time, the **[First Hand]** and **[Minute Hand]** will continue to indicate the current time in the Home City.
 - For full information on city codes, see the "City Code Table".

- If you think that the time indicated for the selected World Time City is not correct, it probably means that there is something wrong with your Home City settings. Use the procedure under "To configure Home City settings" to correct the Home City settings.

To specify standard time or daylight saving time (DST) for a time zone

- In the World Time Mode, use **[<]** to select the city code for the time ahead setting you want to change.
 - Wait until the **[Right Dial Hand]** completes their move to the time in the currently selected World Time City. You will not be able to perform step 2 of this procedure until the hands stop moving.
- Hold down **[<]** for about two seconds until the watch beeps. This will cause the **[Left Dial Hand]** to toggle between **DST** (daylight saving time) and **STD** (standard time).
 - Note that you cannot switch between **STD** (standard time)/**DST** (daylight saving/summer time) while **UTC** is selected as the World Time City.
 - Note that the **STD** (standard time)/**DST** (daylight saving/summer time) setting affects only the currently selected time zone. Other time zones are not affected.

Swapping your Home City and World Time City

You can use the procedure below to swap your Home City and World Time City. This capability can come in handy when you frequently travel between two locations in different time zones.

The following example shows what happens when the Home City and World Time City are originally the Home City originally is **TYO** (Tokyo) and the World Time City is **NYC** (New York).

	Home City	World Time City
Before swapping	Tokyo 10:08 a.m. (Standard time)	New York 9:08 a.m. (Daylight saving time)
After swapping	New York 9:08 a.m. (Daylight saving time)	Tokyo 10:08 a.m. (Standard time)

To swap your Home City and World Time City

- In the World Time Mode, use **[<]** to select the World Time City you want.
 - In this example, you would move the **[Second Hand]** to **NYC** in order to select New York as the World Time City.
 - Wait until the **[Right Dial Hand]** completes their move to the time in the currently selected World Time City. You will not be able to perform step 2 of this procedure until the hands stop moving.
- Hold down **[<]** for about three seconds until the watch beeps.
 - This will make the World Time City (**NYC** in this example) your new Home City. At the same time, it will change the Home City you had selected prior to step 2 (**TYO** in this example) to your World Time City.
 - After swapping the Home City and World Time City, the watch will stay in the World Time Mode. The **[Second Hand]** will point to your new World Time City (**STD** in this example).
 - The **[Right Dial Hand]** will indicate the current time in your new World Time City.

Note

- If your current World Time City supports time calibration signal reception, making it your Home City enables calibration signal reception for that city.

Using the Alarm

When the alarm is turned on, an alarm will sound for about 10 seconds each day when the time in the Timekeeping Mode reaches the preset alarm time. This is true even if the watch is not in the Timekeeping Mode.

- Hand Functions:**
- [Second Hand]:** Indicates the current alarm ON/OFF setting.
 - [Left Dial Hand]:** Points to **ALM**.
 - [Right Dial Hand]:** Indicates the current alarm time setting in 24-hour format.

To change the alarm time setting

- Use **[<]** to move the **[Left Dial Hand]** to **ALM**.
 - This indicates the Alarm Mode.
- Use **[<]** and **[>]** to change the alarm time setting.
 - Each press of either button will move the **[Right Dial Hand]** one minute.
 - Holding down **[<]** or **[>]** will start high-speed hand movement in the applicable direction. To stop high-speed hand movement, press any button.
 - The alarm always works based on the time kept in the Timekeeping Mode.
 - The watch will return to the Timekeeping Mode automatically if you do not perform any operation in the Alarm Mode for about two or three minutes.

To turn the alarm on or off

In the Alarm Mode, press **[<]** to toggle the alarm on and off. The **[Second Hand]** will indicate the current ON/OFF setting.

To stop the alarm
Press any button.

Casio 5121 Manual Introduction

In today's digital age, the availability of Casio 5121 Manual books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Casio 5121 Manual books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Casio 5121 Manual books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Casio 5121 Manual versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Casio 5121 Manual books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Casio 5121 Manual books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Casio 5121 Manual books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free

access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Casio 5121 Manual books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Casio 5121 Manual books and manuals for download and embark on your journey of knowledge?
