Cosmic Christianity Tim Cleary, 2019-04-04 We are living in a very interesting and unique time in human history The pace of change of technology and of our society as a whole is dizzying perhaps even disorienting With the rise of artificial intelligence and the decoding of the human genome we stand at the threshold of paradigm shifting discoveries and innovation that may redefine what it means to be human This is an era defined by tension and infighting between the spheres of science and religion Indeed this has been a dominant trend since the nineteenth century For many modern rational thinkers the wisdom of our religious traditions has become outmoded and ought be relegated to the dustbins of history Despite this the human heart continues to long for the profound the meaningful and the sacred things our spiritual heritage has typically provided Cosmic Christianity aims to salvage what is most valuable about these sacred traditions while simultaneously integrating them with more modern trends that center on technological advances and artificial intelligence Moreover it will create a novel synthesis between the values of humanism and mysticism Apart from this Cosmic Christianity aims to integrate the wisdom of every imaginable spiritual tradition From traditional Eastern and Western religions to esoteric new age astrology and spiritualism an all embracing framework is created that comfortably houses all perspectives Finally it sets forth a proposal for the origin of God and the universe You will be inspired and made to ponder by Cosmic Christianity [The Coming of the Cosmic Christ](#) Matthew Fox, 1988-11-23 A comprehensive description of the transformation of Christianity by the bestselling theologian who has defined this spiritual renaissance

Cosmic Christianity Willi Sucher, 1993 Cosmic Christianity describes the relationship between the earthly and supra earthly cosmic worlds by showing the relationship between the cosmos as expressed in the movements of the stars and the activities of Christ during his three years of ministry on Earth The gesture of each astrological planet during those years is worked out and correlated with specific acts of the Christ as recorded in the Gospels The apparent looping movements of Mercury for example are connected with the seven signs of St John s gospel The author goes on to explore the many ways in which these healing acts which have been inscribed in the heavens continue to work in evolution through the events of history and through our individual human lives By studying this we begin to understand our responsibility for developing the new Christian mysteries and consequently renewing the starry cosmos Sucher presents a real foundation for modern star wisdom Topics include the evolution of cosmology the origins of the planetary symbols our new relationship to the stars as revealed in human lives and historical events and the role of the Archangel Michael in our individual relationship to the stars This is an excellent place to begin one s study of the stars and their meaning for both our individual lives and for the world To purchase other books by Willi Sucher please visit the Astrosophy Research Center where you will find some of his most important works on star wisdom Included are Isis Sophia I Introducing Astrosophy Isis Sophia II Outline of a New Star Wisdom Isis Sophia III Our Relationship With the Stars Drama of the Universe Living Universe Studies in Astrosophy

Christianity and Cosmic Consciousness Alexis Georg Hoen,2015-02-20 Born in the Ukraine educated in Munich and having practiced medicine in the United States author Alexis Georg Hoen has been exposed to widely differing political systems and religious beliefs and he has always maintained an interest as to the origin of these beliefs and their relation to the innermost nature of man In *Christianity and Cosmic Consciousness* he interprets the words and the sacrifice of Jesus as pointing the way toward a realization of our innermost nature the will to live and love that exists within all Sharing his experiences and ideas about Christs words and sacrifices Hoen uses personal anecdotes and biblical examples to illustrate the nature of Christian belief He provides a host of examples including key illustrations from the Bible and relevant source material from other writers who address this topic He shows us that through sacrifice we live in and for others That is eternal life Christianity and Cosmic Consciousness represents the core of Christian teaching without resorting to the supernatural and miraculous yet doesnt try to disprove it *Cosmic Christianity and the Impulse of Michael* Rudolf Steiner,2016-03-21 At the end of his life Rudolf Steiner took up the task that was his special destiny to bring to the West a knowledge of reincarnation and karma To do this he gave over eighty lectures in 1924 in which he explicitly and concretely revealed the destinies of various individuals from one life to the next in order to show how the general laws of karma operate in individual cases He also revealed many details of the karmic streams of the members of the Anthroposophical Society These volumes constitute an immeasurable contribution to the understanding of reincarnation and karma and the tasks of the
