Costuming From The Hip:

Costuming from the Hip Dawn Devine Brown, Barry E. Brown, 2000 *A Practical Guide to Costume Mounting* Lara Flecker, 2013-01-11 The effective preparation of garments for display is essential for exhibitions of contemporary and historical dress. Costumes not only need to be visually appealing but also fully supported and historically accurate. This book provides a comprehensive guide to mounting costumes from the eighteenth century to the present day. It includes methods for adapting and shaping figures to create historical silhouettes, constructing underpinnings, and making replicas and toiles using inexpensive and simple techniques. *A Practical Guide to Costume Mounting* is an invaluable resource for conservators, historians, and all those working with clothing in museums, private collections, and throughout the fashion and theatre industries. Trained as a historical costume maker, author Lara Flecker is the textile display specialist at London's Victoria and Albert Museum. She has worked extensively with the museum's world-class costume collection, preparing garments for display. Her simple mounting methods are clearly explained and can be used by people with a wide range of experience, including those with few sewing skills. In *The Complete Costume Dictionary*, Elizabeth Lewandowski has collected from a variety of sources, including costume history texts, journal articles, historical publications, autobiographies, biographies, foreign language dictionaries, and contemporary publications, to create a resource that spans the globe from the earliest record of fashion to the 21st century. Including more than 20,000 fashion and costume terms, this volume also features more than 300 illustrations. The first section of the book is an alphabetical listing of these words with their definitions, period, and country of origin. This volume also contains appendixes that list the terms by country.
