APPLICATION STATEMENT

The application of the Clinical Coverage Guideline is subject to the benefit determinations set forth by the Centers for Medicaid and Medicare Services (CMS) National and/or Coverage Determinations and state-specific Medicaid mandates, if any.

DISCLAIMER

The Clinical Coverage Guideline (CCG) is intended to establish common standard Medicaid benefit plans and is not an administrative benefit. Federal and state law, contract language, etc. take precedence over the CCG (e.g., Centers for Medicare and Medicaid Services (CMS) National Coverage Determinations (NCDs), Local Coverage Determinations (LCDs) or other published determinations). The terms of a member's particular benefit plan, Evidence of Coverage, Certificate of Coverage, etc., may differ significantly from the Coverage Policies. For example, a member's benefit plan may contain specific exclusions related to the topic addressed in this CCG. Additionally, CCGs relate exclusively to the determination of health benefit plans and are not recommendations for treatment, nor should they be used as treatment plans. Providers are reminded to also treatment and recommendations provided to the member. The application of the CCG is subject to the specific Medicaid mandates, if any. Policies and content of this document are subject to approval by the Medical Policy Committee (MPC) and are subject to change prior to the annual review date. Lists of business (LOB) are subject to change without notice; current LOBs can be found at www.wellcare.com. All questions can be found at this site or without contacting the Provider Help Desk "Tools" and "Contact Us" sections.

SCOPE/SCOPE

Telehealth and telemedicine are often used interchangeably. WellCare uses the following distinction:

Telemedicine. Remote communication using voice and visual technology between a provider and a member used for health check-up and diagnostic purposes. Telemedicine is often used as a substitute for an in-office visit and does not involve continuous monitoring of the member.

Telehealth. A robust continuous monitoring of the member's health care information in the office setting.
