Use text evidence from two different sources to answer the question: *What did the main characters in The Boy Who Invented TV and "Time to Invent" experience that inspired them to invent something?*

The main characters in each text were inspired to invent by paying attention to their surroundings. In *The Boy Who Invented TV*, Philo was a curious, thoughtful boy who enjoyed science and admired people like Albert Einstein. As he got older, he had an idea after reading some magazines. Philo wanted to create a TV. He felt that such a machine could improve people's lives. One day, as he was plowing the potato fields, he became inspired by the rows of dirt in the fields. These rows gave him the idea about how he might create a TV.

In "Time to Invent," Lydia had a problem: she always overslept. She tried several times to wake up on her own. None of her ideas worked. Later on, she got inspired when she saw her mom's cell phone in a drawer. She grabbed a coffee can and placed the cell phone in it. When it vibrated in the can, it woke her up, but was quiet enough so that her mom wouldn't hear it. She finally created an invention that worked!

Reread the passage. Follow the directions below.

1. Even used words with precise meaning. Circle the word that has a similar, but stronger meaning than the word *liked*.
2. Draw a box around the words and phrases in the second paragraph that show the order of events.
3. Underline the sentence with the text key detail in each paragraph that supports the main idea.
4. Combine these two sentences from the model. Write your answer on the line.
