Empire and controlling Japan after the war This study unravels some of the complex origins of the postwar upheavals in Asia by demonstrating how the US and China's disagreements on many concrete issues prevented their governments from forging an effective partnership The two powers quest for long term cooperation was further complicated by Moscow's eleventh hour involvement in the Pacific War By the war's end a triangular relationship among Washington Moscow and Chongqing surfaced from secret negotiations at Yalta and Moscow Yet the Yalta Moscow system in Asia proved too ambiguous and fragile to be useful even for the purpose of defining a new balance of power among the Allies The failure of the system was compounded by its obliviousness to Asia's dynamic nationalist forces *The Pawns Count* Edward Phillips Oppenheim, 1918
