Imperial Chinese Armies 1840-1911 Philip Jowett, 2016-04-21 An in depth analysis of the Chinese Armies that fought a series of increasingly fractious wars over nearly a century Beginning with a run through of the Chinese forces that combated the British and French during the two Opium Wars this history goes on to trace the forces who were drawn into internal wars and rebellions in the 1850s and 60s the open warfare in North Vietnam the string of defeats suffered during the First Sino Japanese war and the Boxer Rebellion Providing an unparalleled insight into the dizzying array of troop types and unique uniforms this is a history of the sometimes painful modernization of China s military forces during one of her most turbulent periods of history

The Chinese People's Liberation Army since 1949 Benjamin Lai, 2012-11-20 The Chinese People s Liberation Army PLA is the largest army in the world China is predicted to be on the brink of overtaking the USA as the world s largest economy and China s military capabilities and global ambitions are the single greatest long term pre occupation of Western governments The PLA has progressed steadily if slowly since its creation in 1949 from a mass army of unsophisticated infantry limited to human wave tactics into a highly sophisticated force with wide capabilities The most recent reforms 1989 to the present day have been made possible by massive economic liberalization and have seen not only

A World Aflame Paul Eaglestone,2012-08-20 Often called the Pulp Era the years between the two World Wars have seen a tremendous surge in interest among wargamers A World Aflame captures the adventurous nature of the time period to present a fun fast paced set of tabletop miniatures rules that can handle the many diverse conflicts of the period from the Chinese Civil Wars and the Great Game in Central Asia to the Irish War of Independence and the bitter ideological warfare of the Russian and Spanish Civil Wars The rules also contain options for the Very British Civil War This gaming trend has sprung up in recent years following a what if scenario that has Edward VIII refusing to abdicate the throne thrusting the country into civil war in 1938 It is a quirky fun setting and one that is surprisingly popular Written by a life long wargamer A World Aflame focuses on the daring and heroism of battles fought in the last great era of adventure

Liberty or Death Philip Jowett,2019-08-22 A highly illustrated study of the wars of Central and South America from 1900 through to 1970 featuring many rare and never before seen images From the Banana Wars of the early 20th century through to the Football War of 1969 South and Central America has been a hotbed of revolutions rebellions and conflicts as diverse as they are numerous Some were small scale affairs involving the poorly armed forces of Central American armies with rifles machetes and a few aged machine guns Others were full scale conflicts involving sophisticated armies equipped with tanks artillery and aircraft and hundreds of thousands of troops These wars often went largely unreported in the West which was preoccupied with its own problems in fighting two world wars and dealing with Cold War tensions Fully illustrated with a wealth of rare photographs this fascinating story sheds light on seven decades of a continent in conflict that is rarely covered in English

The British National Bibliography Arthur James Wells,1979

Rays of the Rising Sun John Berger,Philip Jowett,2013-01-19 The first of a

three volume series examining the history of Chinese puppet soldiers fighting for the Japanese before and during World War II When the Japanese Empire went to war with the Allies in December 1941 it had already been fighting in China for 10 years During that time it had conquered huge areas of China and subjugated millions of people The Japanese needed to control the Chinese population in these occupied territories and for this reason they set up governments from amongst the leaders of the Chinese who were willing to co operate with them These so called puppet governments were designed to rule on behalf of the Japanese while firmly under their control In turn the puppet governments needed their own armed forces to help them maintain control over the populace and so they raised their own independent armed forces These puppet armies were in large number reaching a total of well over 1 million before 1945 Although poorly armed and equipped these forces had an influence on the Japanese war effort through sheer numbers The Chinese puppet soldiers ranged from the well drilled and trained regular Army of the Last Emperor of China Pu Yi who ruled the newly formed state of Manchukuo 1932 45 to the irregular Mongol cavalry who served alongside Japanese troops in the secret war waged in the Mongolian hinterlands The troops were dismissed as traitors by the Chinese fighting the Japanese and they were equally despised by the Japanese themselves The troops were motivated by a range of reasons from simple survival to a loyalty to their commander The fact that so many Chinese were willing to fight for the Japanese was embarrassing to all sides and for this reason has been largely ignored in previous histories of the war in the East In the first of a three volume series Philip Jowett tells the story of the Chinese who fought for the Japanese over a fourteen year period
