Coincidence Coincidence:

The Secret Physics of Coincidence Gabi Froböse, Rolf Froböse, 2012-12 Who isn't familiar with the infamous Inspector Chance who always appears unannounced? Does the unexpected only seem like a coincidence because we are unaware of the complex order behind it? The question cannot be answered by a simple yes or no. Instead, the author hopes to show that coincidence has two very different faces. One of them reveals the trivial side. The other, in contrast, is coincidence of a higher order which is no longer truly a coincidence. Rather, it is based on connections that science is just beginning to discover. To allow the reader to better understand the sections related to supernatural phenomena, the author has created two physicists to accompany the reader: they are Al and Zach. Whereas Al vehemently defends the traditional side, Zach is among the avantgarde in his field who does not view the phenomena represented here as taboo and who attempts to reconcile such phenomena using the discoveries of modern quantum physics. Let yourself be carried away not only while reading these incredible stories of coincidence but by the exciting discussion as well, which is free of prejudice and does not attempt to place mysticism on a scientific platform. Following his studies in chemistry, Dr. Rolf Froböse worked as a research assistant at the Max Planck Institute, was division manager at technology magazine highTech and chief editor of the journals Chemie Industrie and Europa Chemie. Since 1995, he has worked as a freelance science and economic journalist reporting on research and technology issues. He has also penned numerous popular non-fiction books including *The Secret Physics of Coincidence* and *Lust und Liebe alles nur Chemie*. *Lust and Love Is it more than Chemistry* Wiley VCH 2004. The latter was written in collaboration with his wife Gabriele and has been translated into English, Spanish, Danish, and Korean. **Life Is No**

Coincidence Sheryl Glick, 2006-02-06 I am very ill. I sense my deceased grandfather's presence. He is trying to tell me something. Am I about to die? Has he come for me? I shout into the dark. I cannot hear you. He tells me I must write something for my father. Thirty-six hours later I learn my father just passed away. I am to write his eulogy. That visitation opened wide swaths of understanding for author Sheryl Glick. She ultimately learned we all have the ability to communicate with our guides, spirits of loved ones, guardian angels, saints, or just coincidences that show us the way. *Life Is No Coincidence* relates that journey; you will find it similar to your own. Sheryl Glick's book will inspire you to go beyond coincidences of your daily life and see the bigger picture of why we all are here. Dr. Carmen Harra, a generous and healing spirit herself, Sheryl now shares her journey with all who read this book. Rev. Robert Brown, Sheryl Glick opens her heart and soul to an extraordinary dimension and enlightens us how every encounter guides us from the start of this life to passing to the next. Dr. Bea Carson

Vestigial Surreality: Omnibus One: Coincidence: Episodes 1-28 Douglas Christian Larsen, 2016-11-19 Reality, what a concept. Is life a puppet show, and are we nothing but puppets? A hidden world, all about us, angels and demons, or is what we can touch and sense all there is? And now the Simulation Hypothesis plagues us. Could we really be living in a computer simulation? Through the ages, the conundrum of Reality has messed with the collective consciousness of humanity. The
