Collections Xvii Malone Society Mup:

Living Death in Early Modern Drama James Alsop, 2024-07-31 This book explores historical socio political and metatheatrical readings of a whole host of dying bodies and risen corpses each part of a long tradition of living death on stage Just as zombies ghouls and the undead in modern media often stand in for present day concerns early modern writers frequently imagined living death in complex ways that allowed them to address contemporary anxieties These include fresh bleeding bodies and body parts ghostly Lord Mayors and dying characters who must carefully choose their last words or have those words chosen for them by the living As well as offering fresh interpretations of well known plays such as Middleton s *The Lady s Tragedy* and Webster s *The White Devil* this innovative study also sheds light on less well known works such as the anonymous *The Tragedy of Locrine* Marston s *Antonio s Revenge* and Munday s mayoral pageants *Chruso thriambos* and *Chrysanaleia* The author demonstrates that wherever characters in early modern drama appear to straddle the line between this world and the next it is rarely a simple matter of life and death This book will be of great interest to students scholars and practitioners in theatre and performance studies and cultural and social studies *Collections XVII* Eugene Giddens, 2016 Series volume number on title page is 175 should read 182 Dictionary Catalog of the Jewish Collection New York Public Library.
