Colijn in de caricatuur Tjerk Bottema, 1936 New Perspectives on Power and Political Representation from Ancient History to the Present Day, 2019-06-07 New Perspectives on Power and Political Representation from Ancient History to the Present Day offers a unique perspective on political communication between rulers and ruled from antiquity to the present day by putting the concept of representation center stage It explores the dynamic relationship between elites and the people as it was shaped by constructions of self representation and representative claims The contributors to this volume specialists in ancient medieval early modern and modern history move away from reductionist associations of political representation with formal aspects of modern democratic electoral and parliamentary politics Instead they contend that the construction of political representation involves a set of discourses practices and mechanisms that although they have been applied and appropriated in various ways in a range of historical contexts has stood the test of time "Gaat u maar rustig slapen" Norbert-Jan Nuij, 2000 **Colijn in de caricatuur.
