Collateral Damage Social Inequalities In A Global Age:

Collateral Damage Zygmunt Bauman, 2011-06-13 Zygmunt Bauman is one of the most original and influential social thinkers of our time This new book focuses on social inequality **Collateral Damage** Zygmunt Bauman, 2013-04-16 The term collateral damage has recently been added to the vocabulary of military forces to refer to the unintended consequences of armed interventions consequences that are unplanned but nevertheless damaging and often very costly in human and personal terms But collateral damage is not unique to the world of armed intervention it is also one of the most salient and striking dimensions of contemporary social inequality The inflammable mixture of growing social inequality and the rising volume of human suffering marginalized as collateral is becoming one of most cataclysmic problems of our time For the political class poverty is commonly seen as a problem of law and order a matter of how to deal with individuals such as unemployed youths who fall foul of the law But treating poverty as a criminal problem obscures the social roots of inequality which lie in the combination of a consumerist life philosophy propagated and instilled by a consumer oriented economy on the one hand and the rapid shrinking of life chances available to the poor on the other In our contemporary liquid modern world the poor are the collateral damage of a profit driven consumer oriented society aliens inside who are deprived of the rights enjoyed by other members of the social order In this new book Zygmunt Bauman one of the most original and influential social thinkers of our time examines the selective affinity between the growth of social inequality and the rise in the volume of collateral damage and considers its implications and its costs Colin Gunton's Trinitarian Theology of Culture Andrew Picard, 2024-06-27 Whilst upholding some of the criticisms of Colin Gunton's work this incisive book argues that there is a Hauptbriefe in Gunton reception that assumes his early classic works *The One the Three and the Many* and *The Promise of Trinitarian Theology* 1st ed are definitive of his project and fail to engage adequately with the progressions in Gunton's later thought Instead this book offers a fresh reading of Gunton by giving greater prominence to his later writings which are centred in the mediation of the Son and the Spirit in creation Andrew Picard argues that Gunton's trinitarian theology of culture emerges from his later trinitarian theology of mediation creation Christology pneumatology and ecclesiology Exploring these doctrinal foci enables an understanding of Gunton's account of faithful human culture as embodied worship a living sacrifice of praise which contributes to the divine redemption and perfection of creation It is the church's particular calling to embody such praise through its visible life in community The study concludes by intersecting Gunton's theology with the social sciences to critique ableism and consider the politics of the church's belonging in community *The Political Web* Peter Dahlgren, 2013-08-09 As democracy encounters difficulties many citizens are turning to the domain of alternative politics and in so doing making considerable use of the new communication technologies This volume analyses the various factors that shape such participation and addresses such key topics as civic subjectivity web intellectuals and cosmopolitanism *Introduction to Contemporary Social Theory* Anthony Elliott, Charles
