costumes clerical costumes dressmakers systems fur gloves leather military uniforms and undergarments Seligman then devotes a section to those American and English journals published for the professional tailor and dressmaker Here too he includes the related areas of fur and undergarments A section devoted to journal articles features selected articles from costume and noncostumerelated professional journals and periodicals The author breaks these articles down into three categories American English and other Seligman then devotes separate sections to other related areas providing alphabetical listings of books and professional journals for costume and dance dolls folk and national dress footwear millinery and wigmaking and hair A section devoted to commercial pattern companies periodicals and catalogs is followed by an appendix covering pattern companies publishers and publications In addition to full bibliographic notation Seligman provides a library call number and library location if that information is available The majority of the listings are annotated Each listing is coded for identification and cross referencing An author index a title index a subject index and a chronological index will guide readers to the material they want Seligman s historical review of the development of publications on the sartorial arts professional journals and the commercial paper pattern industry puts the bibliographical material into context An appendix provides a cross reference guide for research on American and English pattern companies publishers and publications Given the size and scope of the bibliography there is no other reference work even remotely like it

Congregational Communion
Francis J. Bremer, 1994 Puritan studies is one of the most heavily researched areas of scholarship in both England and the United States In this in depth exploration of the relationship between Puritans in England and New England Francis J Bremer challenges the view that the colonists turned away from English Puritans in the 1640s Rather he convincingly demonstrates that the two communities retained a complex symbiotic connection a communion throughout the seventeenth century and that the clergy on both sides of the Atlantic saw themselves as closely linked in their spiritual mission Focusing on the interaction between social experience and the shaping of belief Bremer thoroughly analyzes how Puritan clergymen of a congregational persuasion came together in a godly communion and examines how that communion sustained them in times of trouble and physical dispersal He explains the social forces that led to the articulation of early Congregationalism and details the significance of trans Atlantic religious exchanges through correspondence associations publications and other devices Bremer traces the first generation Puritans from their formative years at Cambridge University through the creation of a network of clerical friendships through the flight to Holland and to New England to the death of Oliver Cromwell and the beginnings of division within Congregationalism This thought provoking volume makes a solid contribution to Puritan studies and offers a basis for further discussions of the trans Atlantic aspects of the Congregational community
