Differences in Medicine Mol Annemarie Berg Marc,2014-06-06 Differences in Medicine Marc Berg,Annemarie Mol,1998 Western medicine is widely thought of as a coherent and unified field in which beliefs definitions and judgments are shared This book debunks this myth with an interdisciplinary and intercultural collection of essays that reveals the significantly varied ways practitioners of conventional Western medicine handle bodies study test results configure statistics and converse with patients Introduction to the Study of Religion Leroyce Miles,2018-08-07 One thing is clear that fighting with other human beings in the name of religion is subhuman As a religious man we are fellow travellers in the direction of the realm of spirit Here the nomenclature of Hindus Muslims Christians etc ceases to be meaningful Of course we have to go very far and we have not made any beginning yet However at present the advaitic principle of difference less Brahman can serve the purpose of harmonizing all religions Here we have adopted this principle Secondly the key concepts of different religions have been shown to mingle into one another The book attempts to interrogate the categories used in western discourse in the study of religion In doing so the book outlines a broad overview of the discussions on issues relating to the methods and theories in the study of religion The book provides an insight into some of the key issues that need clarity in dealing with religions This scholarly presentation is a must read for students of religion culture and philosophy and for those involved with the struggles of the subaltern community *Development and Public Health in the Himalaya* Ian Harper,2014-02-05 Engaging with a range of public health issues this book charts important social and political transitions in Nepal through the lens of medicine and health development It focuses on mission health care institutions tuberculosis control programmes as a site of medical intervention the pharmaceuticalization of mental health and public health and in relation to development ideologies the attempted creation of modern subjects and citizens to advance the health of the nation Based on two decades of experience both as a physician and public health professional and an anthropologist the author presents these issues through four case studies of health programme intervention in a district in central Nepal to show the inter related aspects of the processes The book explains how local realities align with resist and are complicated by globalized narratives and practices of health and development It pays careful attention to traditional healers infectious disease micronutrient initiatives mental health and the historical ideological and political economic context of mission based development work Offering an ethnographic picture of the challenges and possibilities for action that exist in Nepal this book is of interest to academics in the field of medical and development anthropology and those working directly in the fields of health and development Performance Research 9:4 Dec 2 Various Authors,2023-05-31 First published in 2004 Civility might appear the last and least likely term to mobilise attention in the non adjacent fields to performance This issue recognises an expanded political vocabulary in concept of sly civility located at the heart of the recent work drawing on a set of previously dis colonising imagination Bakhtin/"Bakhtin" Peter Hitchcock,1998 Offering original research on Mikhail Bakhtin by

leading scholars in the field this special issue of SAQ both celebrates the recent centennial of Bakhtin's birth and elaborates significant new strains in Bakhtinian thinking The distinction between Bakhtin and Bakhtin is a measure of the incommensurable space between the biographically verifiable figure and the one who emerges from contemporary critical applications of his work While the inevitability of this space must be acknowledged so too must its implications for a politics of culture where theory is concerned Can there be a real Bakhtin and can this one simply be the relevant Bakhtin Is the deified Bakhtin just a reified Bakhtin Exploring both the dynamism of Bakhtin versus Bakhtin and the dynamics of possible Bakhtins the contributors tackle this theorist's range of shifting shapes from the carnival messianistic and the chronotopic through the philosophic and the ideologic to the applied Bakhtin of the social sciences Bakhtin's texts are examined in the context of work by such disparate figures as Ernst Cassirer and Rudolph Rocker while various aspects of the academic Bakhtin industry are examined including the will to mythology by anthology and the inequities of a world market in ideas exemplified by the resource gap between Russian and Western scholarship The state of the archive is assessed by both UK Bakhtin Centre Director David Shepherd and Russian Bakhtin Archivist Nikolai Pan'kov Throughout the issue which is framed by Peter Hitchcock's introductory polemics and Michael Holquist's afterword author and archive are continually deconstructed and reconstructed Contributors Robert Barsky Rachel Falconer Maroussia Hadjukowski Ahmed Ken Hirschkop Peter Hitchcock Michael Holquist Vitaly Makhlin Nikolai Pan'kov Brian Poole David Shepherd Galin Tihanov Anthony Wall
