When you ask, "How can I get that picture simply pull this small guide out of your camera bag, backpack, or back pocket and find the answer quickly. This fully illustrated book covers everything from image resolution, shooting sports, action, close-ups, and night shots to memory cards, transferring images, archiving, making QuickTime movies, and much more. Topics in the guide's three main sections on Digital Camera Components, Standard Camera Functions, and How Do I are labeled A to Z for quick reference. Or if you prefer, use the comprehensive index or table of contents to find the information you need.
