Sample Book Insights

- 1 The endorse feature allows users to endorse skills of others It works like this on your profile page you can endorse skills of four people you know On someone else s profile page you can endorse their skills
- 2 The feature is innovative and easy to use It gets more profile data However the data is not always accurate It also has a heavy sampling bias as friends are more likely to endorse each other than strangers
- 3 My favorite product is my iPhone It meets my three criteria for great products it s useful innovative and easy to understand
- 4 The Apple s hockey puck mouse from the 1998 iMac is a good example of a product that was designed poorly The round shape made it hard to orient and the blue accents on the left and right did not deliver any additional function
