Caste Class And Power Changing Patterns Of Stratification In A Tanjore Village:

Caste, Class, and Power André Beteille,1969 **Caste, Class, and Power** André Beteille,1966 **Caste, Class and Power, Third Edition** André Beteille,2012-09-13 This book provides an unusual description of contemporary change in a traditional society reacting to outside pressures through an intensive study of changing patterns of stratification in a multi caste village in Tamil Nadu A new Introduction by Christopher J Fuller situates the book in the context of development of social anthropology and its relevance to the current context **Caste, Class, and Power** Jack Barry Bresler,1965

Caste, Class and Power André Beteille,2012 B teille examines the relations between 3 fundamental aspects of social stratification providing a method for describing and analysing variation in stratification systems The epilogue surveys the changing fortunes of village studies in India c Unedited summary from record for earlier edition *Caste, Class and Power : Changing Pattern of Stratification in Tanjore Village* Andre Beteille,1969 *Caste, Class and Democracy* Vijai P. Singh,2017-07-12 This volume is an introduction to the role of caste and class in Indian society meant to emphasize certain important aspects of Indian society such as continuity and change in caste economic classes status of women status of Harijans village poli tics overseas Indians and casteism and tribalism Its theoretical interest is to explain the dynamics of social inequalities in Indian society All but one of the essays are based on research conducted in India The other is based on research on Indian plantation workers in Sri Lanka and included here to demonstrate that the concepts of caste and class are relevant to understanding In dians who have emigrated to overseas countries **Contesting Power** Douglas E. Haynes,Gyan Prakash,1992 Riots rebellions and revolutions have always captured our attention But moments of upheaval do not contrast as strongly with normal times as many social historians sociologists and political scientists have assumed Offering examples from South Asia these essays examine subtle forms of the everyday resistance and varieties of the everyday use of power that mark the patterns of ordinary life in the region These essays are part of a larger effort to understand the history of subordination in India They focus on peasants and urban laborers courtesans and merchants sometimes employing unconventional sources and methods By depicting a rich variety of non confrontational forms of resistance and contestatory behaviors the authors challenge our usual assumptions about the overt nature of resistance to dominant powerholders Taken together the essays suggest that we must consider a much wider range of socio cultural practices if we wish to understand how the world of dominated groups is constrained modified and conditioned by power relations Identifying the everydayness of resistance in social life thus reveals a social structure formed from a constellation of contradictory and contestatory processes rather than a seamless functional whole At the same time struggle is portrayed as something that is constantly being conditioned by the structures of social and political power As the editors note neither domination nor resistance is autonomous the two are entangled together so that it becomes difficult to analyze one without discussing the effects of the other **Popular Democracy and the Politics of Caste** Satendra Kumar,2022-09-21 This

book examines the intersection of caste and politics in North India and highlights its contribution to the anthropological study of democracy It argues that the long term process of internalization of democracy within the caste body has fundamentally changed the workings of the Indian party system Drawing on an in depth ethnographic case study of the Gujjars a marginalized caste group in India the book presents a systematic analysis of the political mobilization and culture of political participation of the Other Backward Classes to understand why and how certain caste groups have been more successful in politics than others It discusses various key themes such as popular democracy and the politics of caste regional politics and territoriality myth legends and heroes in the Gujjar community the transition from lineage deities to caste deity and the re formation of caste community identity It reveals the symbiotic relationships between religion and caste and shows how religion shapes contemporary caste The book makes an important contribution to the study of marginalised groups and their politicization and fills a significant gap in the political sociology of India It will be useful for scholars and researchers of sociology history exclusion studies Dalit studies political studies history social anthropology and South Asian studies

Claims on the City C. Yamini Krishna,Amy Phua Mei Yen,Nisha Mathew,2023-10-16 Claims on the City Situated Narratives of the Urban captures a snapshot of the events protests and movements that disrupt a city s existing rhythms across cultures and nationalities and compels us to rethink our understanding of the urban Using an interdisciplinary approach the editors and contributors detail on the ground events and transformations of different cities embattled in social movements and capture solidarities of people against the mechanisms of state and global capitalism through situated narratives and microhistories of resistance Claims on the City approaches the understanding of cities from methods grounded in humanities focusing on the humane subjective emotive aspects of the cities The contributors bring together perspectives from the disciplinary locations of performance studies film studies architecture cultural studies heritage studies history and religious studies an unusual selection in studying the urban
