Smit Patricia A Sullivan John Trimbur Nancy Welch and Lynn Worsham From Girl to Goddess Valerie Estelle Frankel, 2010-11-02 Many are familiar with Joseph Campbell's theory of the hero's journey: the idea that every man from Moses to Hercules grows to adulthood while battling his alter ego. This book explores the universal heroine's journey as she quests through world myth. Numerous stories from cultures as varied as Chile and Vietnam reveal heroines who battle for safety and identity, thereby upsetting popular notions of the passive, gentle heroine. Only after she has defeated her dark side and reintegrated can the heroine become the bestower of wisdom, the protecting queen, and arch crone. Instructors considering this book for use in a course may request an examination copy here *Mother-Daughter Wisdom* Christiane Northrup, M.D., 2006-03-28 With such groundbreaking bestsellers as *Women's Bodies*, *Women's Wisdom*, and *The Wisdom of Menopause*, Dr. Christiane Northrup is one of today's most trusted and visionary medical experts. Now she presents her most profound and revolutionary approach to women's health. The mother-daughter relationship sets the stage for our state of health and well-being for our entire lives. Because our mothers are our first and most powerful female role models, our most deeply ingrained beliefs about ourselves as women come from them. And our behavior in relationships with food, with our children, with our mates, and with ourselves is a reflection of those beliefs. Once we understand our mother-daughter bonds, we can rebuild our own health, whatever our age, and create a lasting positive legacy for the next generation. *Mother-Daughter Wisdom* introduces an entirely new map of female development, exploring the five facets of feminine power which range from the basics of physical self-care to the discovery of passion and purpose in life. This blueprint allows any woman, whether or not she has children, to repair the gaps in her own upbringing and create a better adult relationship with her mother. If she has her own daughter, it will help her be the mother she has always wanted to be. Drawing on patient case histories and personal experiences, Dr. Northrup also presents findings at the cutting edge of medicine and psychology. Discover how to lay the nutritional foundation to prevent eating disorders and adult diseases. The truth about the immunization controversy and the true meaning of immunity. How we can change our genetic health legacy. Why financial literacy is essential to women's health. How to foster healthy sexuality and future love maps in our daughters. How to balance independence with caring and individual growth with family ties. Written with warmth, enthusiasm, and rare intelligence, *Mother-Daughter Wisdom* is an indispensable book destined to change lives and become essential reading for all women.
