## **Closing Stages 2 When Gods Collide:**

Closing Stages Book 2 James Loyde Blackwell, 2015-05-10 Jessica and Jim continue their quest to stop the renegade from destroying the world and all life With the help of Mark and Logan they race to find the shard and stop their Father *The Calderonian Stage* Manuel Delgado, 1997 This collection of essays invites the contemporary reader to consider the works of Pedro Calderon de la Barca 1600 81 who became the most important and influential dramatist of the second period of the Spanish Golden Age just as Lope de Vega 1562 1635 was for the preceding generation A follower of Lope in his youth Calderon as a mature playwright developed a drama all of his own a drama that was highly conceptual tightly knit symbolic and in many cases spectacular Calderon s artistry in verbal and visual symbolism made the performance of his works a feast for both the senses and the intellect Until now many of Calderon s critics have focused their attention on how the poetic devices particularly metaphors and symbols appearing in his plays represent his philosophy or his ideas But as some scholars of Spanish Golden Age drama have argued the study of Calderon s theater must take into account not only the literary text but also the physical conditions of the stage the elements used in the representation decor costumes lighting music and the house dynamics at each performance In other words each play must be considered as a composition of the soul and body of poetry and spectacle in which both elements support complement and explain one another in performance This is the task that has been undertaken by the contributors to this volume By focusing on the relationship between text and performance they have highlighted several areas that are often overlooked in traditional text based approaches From different perspectives they show how Calderon gives concrete shape to the concepts and tales from the Bible theology mythology the Corpus Hermeticum emblematic literature philosophy and realities of civic and domestic origin BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Tutankhamun Knew the Names of the Two Great Gods: Dt and nHH as Fundamental Concepts of Pharaonic Ideology Steven R.W. Gregory, 2022-02-04 Tutankhamun Knew the Names of the Two Great Gods offers a new interpretation of the terms Dt and nHH as fundamental concepts of Pharaonic ideology terms that until now have often been treated as synonyms reflecting notions related to the vastness of time **A Time of Lost Gods** Emily Ng, 2020-05-12 Traversing visible and invisible realms A Time of Lost Gods attends to profound rereadings of politics religion and madness in the cosmic accounts of spirit mediumship Drawing on research across a temple a psychiatric unit and the home altars of spirit mediums in a rural county of China s Central Plain it asks What ghostly forms emerge after the death of Mao and the so called end of history The story of religion in China since the market reforms of the late 1970s is often told through its destruction under Mao and relative flourishing thereafter Here those who engage in mediumship offer a different history of the present They approach Mao s reign not simply as an earthly secular rule but an exceptional interval of divine sovereignty after which the cosmos collapsed into chaos Caught between a fading era and an ever receding horizon those left behind by labor outmigration refigure the evacuated hometown as an ethical spiritual center

to come amidst a proliferation of madness inducing spirits Following pronouncements of China's rise and in the wake of what Chinese intellectuals termed semicolonialism the stories here tell of spirit mediums patients and psychiatrists caught in a shared dilemma in a time when gods have lost their way
