Selected Letters Marcus Tullius Cicero, P. G. Walsh, 2008-07-10 This selection of Cicero's letters not merely documents in detail Cicero's career but simultaneously provides a month by month record of the collapse of the republic and its replacement by a tyranny It provides a vivid picture of daily life and politics in Rome the assassination of Caesar and Cicero's vain resistance to the rise of Mark Antony

Selected Letters Jane Austen, 2004 In one of her personal letters Jane Austen wrote Little Matters they are to be sure but highly important In fact letter writing was something of an addiction for young women of Jane Austen's time and in her social position and Austen's letters have a freedom and familiarity that only intimate writing can convey Wiser than her critics who were disappointed that her correspondence dwelt on gossip and the minutiae of everyday living Austen understood the importance of Little Matters of the emotional and material details of individual lives shared with friends and family through the medium of the letter Ironic acerbic always entertaining Jane Austen's letters are a fascinating record not only of her own day to day existence but of the pleasures and frustrations experienced by women of her social class which are so central to her novels Vivien Jones's selection includes nearly two thirds of Austen's surviving correspondence and her lively introduction and notes set the novelist's most private writings in their wider cultural context

Selected Letters Cicero, 2008-07-10 How I wish that you had invited me to that most attractive feast on the Ides of March Cicero lived through some of the most turbulent years in the history of Rome and witnessed at first hand the overthrow of the republic and its replacement by a tyranny His letters to friends and family are an astonishingly detailed record of daily life and politics in Rome This selection covering the years 68-43 BC not merely documents in detail Cicero's career but simultaneously provides a month by month record of the final collapse of the Roman senatorial government The letters provide from the inside a vivid picture of events from the high point

of Cicero's consulship of 63 through the humiliation of his exile and subsequent subjection to the dynasts to the assassination of Caesar in 44 and Cicero's brief hour of glory in leading senatorial resistance to the tyranny of Mark Antony In P G Walsh's lively new translation Cicero's correspondence once more brings alive the excitement and danger of ancient Rome ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Williams, 2022-10-20 Margaret H. Williams examines how classical writers saw and portrayed Jesus, engaging with the fact that as the originator of a new and still existing world religion, Jesus of Nazareth, otherwise known as Christus Christ, is an individual of indisputable historical significance. Williams shows how from the outset Jesus was a controversial figure. Contemporary Jews in the Roman province of Judaea tended either to adore or to abhor him. When, in due course, his fame spread throughout the wider Roman empire, reactions to him there, among both Jews and non-Jews, were no less divergent. Each of the early classical writers who makes mention of him—the historian Tacitus, the biographer Suetonius, the epistolographer Pliny, and the satirist Lucian—takes a different view of him and presents him in a different way. Williams considers these different depictions and questions why these writers had such differing views of Jesus. To answer this question, Williams examines not only the different literary conventions by which each of these writers was bound, but also to the social, cultural, and religious contexts in which they operated.
