Vidding Francesca Coppa,2022-02-23 Vidding is a well established remix practice where fans edit an existing film music video TV show or other performance and set it to music of their choosing Vids emerged forty years ago as a complicated

technological feat involving capturing footage from TV with a VCR and syncing with music and their makers and consumers were almost exclusively women many of them queer women The technological challenges of doing this kind of work in the 1970s and 1980s when vidding began gave rise to a rich culture of collective work as well as conventions of creators who gathered to share new work and new techniques While the rise of personal digital technology eventually democratized the tools vidders use the collective aspect of the culture grew even stronger with the advent of YouTube Vimeo and other channels for sharing work Vidding A History emphasizes vidding as a critical feminist form of fan practice Working outward from interviews VHS liner notes convention programs and mailing list archives Coppa offers a rich history of vidding communities as they evolved from the 1970s through to the present Built with the classroom in mind the open access electronic version of this book includes over one hundred vids and an appendix that includes additional close readings of vids

Earthquake Games Bonnie Ramthun, 2001-11-01 More information to be announced soon on this forthcoming title from Penguin USA 2024 The Campaign Chronicles JD Foster, 2025-01-30 How strange it is that the past is so little understood and so quickly forgotten We live in the most thoughtless of ages Every day headlines and short views I have tried to drag history up a little nearer to our own times in case it should be helpful as a guide in present difficulties Winston Churchill 1929 The 2016 presidential campaign concluded with the impossible the election of billionaire non politician Donald J Trump The 2020 campaign saw Trump lose to former Vice President Joe Biden because of Trump s chaos and the COVID pandemic The 2024 campaign revealed another seemingly impossible outcome the return of Trump by defeating Vice President Kamala Harris How did Trump do that This book chronicles the 2024 presidential election written contemporaneously with events to capture the moment praising and criticizing all concerned as even handedly as humanly possible As a chronicle no attempt is made to correct the record in light of later revealed truths That is a task for later historians But later revealed truths cannot explain how voters and the media felt in the moment which often determines what follows Anyone seeking to understand the course of events leading to Donald Trump s re election will find the reading interesting infuriating sometimes humorous and hopefully illuminating This book does not explain fully how Trump won again but it is an important start to answering that question **Star Trek** ,
