Complete Method Modern Guitar Spanish:

Complete Method for Modern Guitar/Spanish Edition B. A. Y. MEL, 2015-12-20 All seven volumes of Mel Bay's original internationally acclaimed Modern Guitar Method series are included in this single huge master compilation This edition also includes additional outstanding plectrum guitar solo arrangements not found in the original volumes As Mr Bay perceived the need for a guitar method that would effectively teach beginning guitarists to read music this method is intentionally written in standard notation only Although fingerstyle technique this book is tailored specifically for the plectrum style player beginner through advanced levels

Learning the Classic Guitar Aaron Shearer, 1990 Learning the Classic Guitar is a new direction in guitar instruction Many ideas in these books break new ground In developing this innovative method Mr Shearer adhered to the following concepts 1 How and what students practice is as important as how much they practice 2 Give information only when it is immediately useful 3 Start with the easiest skills 4 Approach challenging skills gradually Part one focuses on technical development and explains the most efficient approach to study and practice Part two should go along with part one and it presents the elements of music and procedures for developing ability to sight read and memorize It also introduces the visualization concept Part three teaches the student to form clear and accurate concepts of music expression It also teaches the guitarist how to perform in public with accuracy and confidence
