

Coordinate Grid Battleship

Directions: This game is to be played in pairs. Your goal is to sink your opponent's ships by guessing their correct coordinate points. Using a marker, you will create your 3 different ships: the battleship which is 4 dots, the cruiser which is 3 dots, and the gladiator which is 2 dots. Player 1 will call out a set of ordered pairs hoping to hit the others ship. If they hit their opponents ship, they will put a check mark on that point on "your opponents ships" grid. If they miss their opponents ship, they will put an X on that point on "your opponent's ships" grid. The first player to hit all parts of their opponents ship and sink the ships will win.
