Psychiatric Interviewing E-Book
Shawn Christopher Shea, 2016-09-19 With time at a premium today's clinicians must rapidly engage their patients while gathering an imposingly large amount of critical information These clinicians appropriately worry that the person beneath the diagnoses will be lost in the shuffle of time constraints data gathering and the creation of the electronic health record

Psychiatric Interviewing The Art of Understanding A Practical Guide for Psychiatrists Psychologists Counselors Social Workers Nurses and other Mental Health Professionals 3rd Edition tackles these problems head on providing flexible and practical solutions for gathering critical information while always attending to the concerns and unique needs of the patient Within the text Dr Shea deftly integrates interviewing techniques from a variety of professional disciplines from psychiatry to clinical psychology social work and counseling providing a broad scope of theoretical foundation Written in the same refreshing informal writing style that made the first two editions best sellers the text provides a compelling introduction to all of the core interviewing skills from conveying empathy effectively utilizing open ended questions and forging a powerful therapeutic alliance to sensitively structuring the interview while understanding nonverbal communication at a sophisticated level Updated to the DSM 5 the text also illustrates how to arrive at a differential diagnosis in a humanistic caring fashion with the patient treated as a person not just another case Whether the reader is a psychiatric resident or a graduate student in clinical psychology social work counseling or psychiatric nursing the updated third edition is designed to prepare the trainee to function effectively in the hectic worlds of community mental health centers inpatient units emergency rooms and university counseling centers To do so the pages are filled with sample questions and examples of interviewing dialogue that bring to life methods for sensitively exploring difficult topics such as domestic violence drug abuse incest antisocial behavior and taking a sexual history as well as performing complex processes such as the mental status The expanded chapter on suicide assessment includes an introduction to the internationally acclaimed interviewing strategy for uncovering suicidal ideation the Chronological Assessment of Suicide Events CASE Approach Dr Shea the creator of the CASE Approach then illustrates its techniques in a compelling video demonstrating its effective use in an interview involving a complex presentation of suicidal planning and intent A key aspect of this text is its unique appeal to both novice and experienced clinicians It is designed to grow with the reader as they progress through their graduate training while providing a reference that the reader will pull off the shelf many times in their subsequent career as a mental health professional Perhaps the most unique aspect in this regard is the addition of five complete chapters on Advanced and Specialized Interviewing which

comprise Part IV of the book which appear as bonus chapters in the accompanying e book without any additional cost to the reader With over 310 pages this web based bonus section provides the reader with essentially two books for the price of one acquiring not only the expanded core textbook but a set of independent monographs on specialized skill sets that the reader and or faculty can add to their curriculum as they deem fit

The Myth of Martyrdom Adam Lankford,2013-01-22 The Myth of Martyrdom presents a startling look at the deepest darkest secrets that terrorists pray you ll never know For decades experts from the most powerful governments and prestigious universities around the world have told us that suicide bombers are psychologically normal men and women driven by a single minded purpose self sacrifice As it turns out this claim originated with the terrorist leaders themselves who insisted that they would never recruit mentally unstable people to carry out suicide attacks As these strikes have become both increasingly common and increasingly deadly no one has challenged this conventional wisdom These are fearless ideological warriors we re told who have the same resolve and commitment to their beliefs as our own Navy SEALs because they re willing to die for the sake of their cause In The Myth of Martyrdom Adam Lankford argues that these so called experts have it all wrong The truth is that most suicide terrorists are like any other suicidal person longing to escape from unbearable pain be it depression anxiety marital strife or professional failure Their martyrdom is essentially a cover for an underlying death wish Drawing on an array of primary sources including suicide notes love letters diary entries and martyrdom videos Lankford reveals the important parallels that exist between suicide bombers airplane hijackers cult members and rampage shooters The result is an astonishing account of rage and shame that will transform the way we think of terrorism forever We can t hope to stop these deadly attacks Lankford argues until we understand what s really behind them This timely and provocative book flips a decades old argument on its head and has huge implications for our future

Deviant Behavior Charles McCaghy,Timothy Capron,J.D. Jamieson,Sandra Harley Carey,2016-01-08 Using the framework of interest group conflict this text combines a balanced comprehensive overview of the field of deviance with first hand expertise in the workings of the criminal justice system Deviant Behavior Seventh Edition surveys a wide range of topics from explanations regarding crime and criminal behavior measurement of crime violent crime and organizational deviance to sexual behavior mental health and substance abuse This new edition continues its tradition of applying time tested sociological theory to developing social concepts and emerging issues
