The Complete .50-caliber Sniper Course Dean Michaelis, 2000-03-01 Nowhere are the big guns covered in more detail. Before Sgt First Class Dean Michaelis Ret wrote the book on sniping he wrote a first of its kind program of instruction for the Special Operations Target Interdiction Course. A member of the 1st Special Forces Group he taught students everything they needed to know to succeed and survive. Now he brings that information to you covering every aspect of the sniper's art: the history, equipment, skills, and missions. He also includes reproducible forms, a military issue .50 caliber cartridge tip color guide, and his exclusive Program of Instruction for Special Operations Hard Target Interdiction Course. An invaluable resource for military and civilian shooters alike.

Browning .50-caliber Machine Guns Gordon L. Rottman, 2011-03-15 The Browning 50 cal has become the longest serving weapon in the US inventory. The fifty has been employed in every imaginable role for a machine gun. It is considered such an effective and reliable weapon that few countries ever attempted to develop an equivalent weapon. Even the Japanese created a copy of it during World War II when the US was producing literally thousands every month to use in every theater. This is a history of the development of this famous weapon, its most critical operational use, and the variants that have been produced to keep it at the forefront of the action.
