Complete Poetical Works Of Lucian Blaga:

Complete Poetical Works of Lucian Blaga, 1895-1961 Lucian Blaga, 2001 Lucian Blaga 1895 1961 is judged by many to be Romania's most original philosopher and greatest poet of the twentieth century little known in the English speaking world Blaga the poet is inextricably bound up with Blaga the philosopher He pursued similar goals in poetry and philosophy to uncover the meaning of existence and to account for man's place in the universe **Lucian Blaga: Selected**

Philosophical Extracts R. T Allen, Angela Botez, Henrieta Anişoara Şerban, 2018-04-15 After the Editor's General Introduction the extracts include central elements of Blaga's metaphysics general epistemology philosophies of science history religion language and especially metaphor the experience of space and time art and finally culture which includes all of them especially the presence in all of style and distinctive ways of practising them All these extracts are linked by his general epistemology especially his distinction between two types of knowledge paradisiac or Type 1 which is that of everyday awareness and the current methods concepts and presuppositions of the sciences of nature and humanity plus mathematics and philosophy and accumulates in plus knowledge and resolves problems in standard ways and Luciferian or Type 2 which opens up the mysteries of new realms of reality which do not fit the current methods concepts and presuppositions and so results in minus knowledge the awareness that there are things which at the moment we cannot understand For these mysteries new methods concepts and presuppositions are required which abyssal categories can supply ones below those we normally employ and may be aware of It is part of man's role in the cosmos to reveal such mysteries They are also linked by Blaga's awareness of historical changes especially dogmatic aeons in which a prevailing framework of categories etc guides knowledge and research and ones in which Type 2 knowledge dominates and new frameworks are eventually created Each extract has its own Introduction which places it in the context of the rest of his interlinked philosophy They show how Blaga with both general themes and concepts and also with particular examples combines much of the concerns and methods of Analytic and Continental philosophy and how his historical perspective applied especially to modern times long before anyone spoke of postmodernism and thus as in his lifetime **The Metaphysics of Religion**

Michael S. Jones, 2006 Lucian Blaga was an early twentieth century European philosopher whose work was suppressed at the height of his career by the creation of the Romanian Socialist Republic Blaga's philosophical writings are rich and creative spanning metaphysics epistemology philosophy of science philosophical anthropology aesthetics philosophy of culture philosophy of history and philosophy of religion Mircea Eliade wrote that Blaga was the most gifted and critical original thinker in the history of Romanian philosophy Because of historical circumstances Blaga's philosophy has not become known outside of his own country although within Romania it continues to be read and discussed Were it to become known outside of Romania Blaga's philosophy could provide interesting contributions to contemporary philosophical discussions The thesis of this book is that Blaga's philosophy can make valuable contributions to contemporary Anglo American philosophy In order

to support this thesis Blaga's philosophical system is explained in detail so that the reader may see how it can be applied to a variety of philosophical issues philosophy of religion in order to demonstrate that it can contribute to contemporary Anglo American discussions Michael S Jones is Assistant Professor of Philosophy at Liberty University The Rough Guide to Romania Darren (Norm) Longley,Tim Burford,2011-06-01 The brand new Rough Guide to Romania is the definitive handbook to one of Europe's most fascinating scenic and least discovered countries The full colour introduction highlights all the things not to miss from the wilds of the Carpathian mountains to the marvellous Delta wetlands as well as the country's many unique festivals Two full colour sections describe the myriad outdoor activities available from mountain hikes and skiing to bear and wolf tracking and the country's extraordinary religious architecture The guide reviews all the top hotel and restaurant options to suit every taste and budget and the Author's Pick feature highlights the very best while there are concise maps and plans throughout The contexts section includes informed background on Romania's history wildlife literature music and of course Dracula **Memory, Metaphors, and Meaning** Nicolae Babuts,2017-07-05 Literature explores the human condition the mystery of the world life and death as well as our relations with others and our desires and dreams It differs from science in its aims and methods but Babuts shows in other respects that literature has much common ground with science Both aim for an authentic version of truth To this end literature employs metaphors and it does so in a manner similar to that of scientific inquiry The cognitive view does not imply that there is a one to one correlation between the world and text that meaning belongs to the author or that literature is equivalent to perception What it does maintain is that meaning is crucially dependent on mnemonic initiatives and that without memory the world remains meaningless Nicolae Babuts claims that at the interface with the printed page readers process texts in a manner similar to the way they explain the visible world in segments or units of meaning or dynamic patterns Babuts argues that humans achieve recognition by integrating stimulus sequences with corresponding patterns that recognize and interpret each segment of a text Memory produces meaning from these patterns In harmony with its goals memory may adopt specific strategies to deal with different stimuli Dynamic patterns link the unit of processing with the unit of meaning In sum Babuts proposes that meaning is achieved through metaphors and narrative and that both are ways to reach cognitive goals This original study offers perspectives that will interest cognitive psychologists as well as those simply interested in the process through which literature stirs the human imagination **Paul Celan** Petre Solomon,2019-02-28 In the immediate aftermath of World War II Paul Celan moved to Bucharest where he spent more than two years working as a translator at Carta Rusa publishing house During that time he was introduced to poet and translator Petre Solomon and began a close friendship that would endure many years despite the distances that separated them and the turbulent times in which they lived In this poignant memoir Solomon recalls the experiences he shared with Celan and captures the ways in which Bucharest profoundly influenced Celan's evolution as a poet He recounts the publication of the famous Todesfuge for the first time in the Romanian

magazine *Agora* and his fertile connection with the Romanian surrealist movement Through Solomon's vivid recollection and various letters Celan sent to friends readers also get an intimate glimpse of Celan's personality one characterized by a joyful appreciation of friendship and a subtle sense of humor Translated from the original Tegla's edition makes this remarkable memoir available to a much deserved wider audience for the first time
