Shared Reading Lesson Plan

Lesson Focus: What do the focus of the lesson? What will I teach it? The focus of the lesson is the organization of a report. I will use a shared reading approach to analyze reports and answer student questions. Then students will work in groups to produce a written response following the structure of a report before they demonstrate this skill independently on a new text.
Background: Why am I teaching this lesson? After analyzing previous assessment data (e.g., ELA), shared reading observations and reviewing the curriculum expectations, I have determined that the students are ready to learn about the structure of a report and to engage their thinking using a graphic organizer.
Assessment: How will I know whether students are successful? • In groups, students will organize a printed informational text's into the following categories: generalization, description, summarizing comment.
Prior Knowledge: What prior knowledge do my students need in order to be successful with this lesson's focus? • An understanding of the main differences between fiction and non-fiction texts.
Curriculum Expectations: Which expectations will I address? Students will: • learn systematic reading strategies • understand that different text forms require different reading skills
