Complex Deterrence Strategy In The Global Age:

Complex Deterrence T. V. Paul, Patrick M. Morgan, James J. Wirtz, 2009-09-15 As the costs of a preemptive foreign policy in Iraq have become clear strategies such as containment and deterrence have been gaining currency among policy makers This comprehensive book offers an agenda for the contemporary practice of deterrence especially as it applies to nuclear weapons in an increasingly heterogeneous global and political setting Moving beyond the precepts of traditional deterrence theory this groundbreaking volume offers insights for the use of deterrence in the modern world where policy makers may encounter irrational actors failed states religious zeal ambiguous power relationships and other situations where the traditional rules of statecraft do not apply A distinguished group of contributors here examines issues such as deterrence among the Great Powers the problems of regional and nonstate actors and actors armed with chemical biological and nuclear weapons *Complex Deterrence* will be a valuable resource for anyone facing the considerable challenge of fostering security and peace in the twenty first century *Complex Deterrence: Strategy in the Global Age* Patrick M. Morgan and James J. Wirtz T. V. Paul, 2010-10-01 Moving beyond the precepts of traditional deterrence theory this ground breaking volume offers insights for the use of deterrence in the modern world where policy makers may encounter irrational actors failed states religious zeal ambiguous power relationships and other situations where long established rules of statecraft do not apply A distinguished group of contributors here examines issues such as deterrence among the great powers the problems of regional and nonstate actors and actors armed with chemical biological and nuclear weapons *Complex deterrence* will be a valuable resource for anyone facing the considerable challenge of fostering security and peace in the twenty first century

Deterrence Anastasia Filippidou, 2020-01-16 Through the examination of different themes and subjects the book provides an in depth analysis of the concept of deterrence and its utility in dealing effectively with current threats Although the concept of deterrence precedes the Cold War in modern times and in its traditional form deterrence is seen as the product of the Cold War which transformed narrow deterrence approaches into widespread orthodoxy Increasingly however emerging threats and challenges call into question the traditional concept of deterrence There are many elements that challenge the concept of deterrence and its effectiveness For instance it is not just that the concept can be ambiguous and broad but also there have to be a number of conditions for it to be successfully implemented This collection contributes to a growing field of research in a relatively under studied area of interrogating the concept of deterrence itself through a multi disciplinary approach Through the use of primary and secondary sources as well as interviews this book covers a wide range of disciplinary approaches on deterrence and the contributors cover a broad array of subjects The research assembled here focuses on deterring extremism conflict resolution and diplomacy investigating technological developments effects of globalisation social movements economics the relationship of resilience to effective deterrence and the associated complexity of contemporary interdependencies to create a contextualised concept of modern deterrence Social science and historical

methodologies are utilized to gain a comprehensive cross section of analysis that will reveal the strengths and weaknesses of the use of deterrence as a national security strategy as well as highlighting the various types of power available for use by the state to create multi faceted deterrence in order to deal effectively and efficiently with complex emerging challenges

Routledge Handbook of Security Studies Myriam Dunn Cavelty,Thierry Balzacq,2016-07-01 This revised and updated second edition features over twenty new chapters and offers a wide ranging collection of cutting edge essays from leading scholars in the field of Security Studies The field of Security Studies has undergone significant change during the past 20 years and is now one of the most dynamic sub disciplines within International Relations This second edition has been significantly updated to address contemporary and emerging security threats with chapters on organised crime migration and security cyber security energy security the Syrian conflict and resilience amongst many others Comprising articles by both established and up and coming scholars The Routledge Handbook of Security Studies provides a comprehensive overview of the key contemporary topics of research and debate in the field of Security Studies The volume is divided into four main parts Part I Theoretical Approaches to Security Part II Security Challenges Part III Regional In Security Part IV Security Governance This new edition of the Handbook is a benchmark publication with major importance for both current research and the future of the field It will be essential reading for all scholars and students of Security Studies War and Conflict Studies and International Relations

Security Studies Arda Özkan,Göktürk Tüysüzoglu,2023-07-10 As an important aspect of human polity the concept of security has an important place and space in politics Though regularly mentioned or referred the concept is rarely given a proper definition usually left in the shadows of politics and policymaking and usually referred as a cause to an effect Within the framework of this book classic modern and post modern security issues are analyzed while also focusing on the classical and diverse conceptual dimensions of security current problems are also evaluated especially in the axis of post modern security studies In security studies a distinction is usually made between classical and post modern approaches but in this study both are considered together One of the important features of this work is that it offers a perspective from Turkish experts on the concept of security in international relations

Research Handbook on Conflict Prevention Timo Kivimäki,2024-06-05 The Research Handbook on Conflict Prevention is a cohesive and comparative analysis of the ways in which organised violence is combatted Renowned experts dissect the complex problem of conflict prevention by investigating its three main aspects agency methods and timing

India's Evolving Deterrent Force Posturing in South Asia Zulfqar Khan,Zafar Khan,2020-12-16 The book discusses India s evolving deterrent force posturing in South Asia under the conceptual essentials of nuclear revolution when it comes to various combinations of conventional and nuclear forces development and the strategic implications it intentionally or unintentionally poses for the South Asian region The book talks about how the contemporary restructuring of India s deterrent force posture affects India s nuclear strategy in general and how this in turn could affect the policies of its adversaries China and Pakistan in particular

Authors discuss the motivations of such posturing that broadly covers India's restructuring of its Nuclear Draft Doctrine DND the ballistic missile development program including that of its Ballistic Missile Defence BMD system and the possibility of conflicts between China India and India Pakistan given their transforming strategic force postures and their recurring adversarial behavior against each other in the Southern Asian region

America Abroad Stephen G. Brooks, William C. Wohlforth, 2016-07-26 A decade and a half of exhausting wars punishing economic setbacks and fast rising rivals has called into question America's fundamental position and purpose in world politics Will the US continue to be the only superpower in the international system Should it continue advancing the world shaping grand strategy it has followed since the Cold War Or should it focus on internal problems America Abroad takes stock of these debates and provides a powerful defense of American globalism Since the end of World War Two world politics has been shaped by two constants America's position as the most powerful state and its strategic choice to be deeply engaged in the world But if America disengages from the world and reduces its footprint overseas core US security and economic interests would be jeopardized While America should remain globally engaged it has to focus primarily on its core interests or run the risk of overextension A bracing rejoinder to the critics of American globalism a more potent force than ever in the Trump era America Abroad is a powerful reminder that a robust American presence is crucial for maintaining world order

A Nuclear Weapons-Free World? Nick Ritchie, 2012-10-29 President Obama and the UK Labour and Coalition governments have all backed the renewed momentum for serious progress towards a world free of nuclear weapons whilst the UK finds itself embarked on a controversial and expensive programme to renew its Trident nuclear weapons system What does the UK process tell about the prospects for disarmament

Fighting for Credibility Frank P. Harvey, John Mitton, 2017-01-18 When Bashar al Assad used chemical weapons against his own people in Syria he clearly crossed President Barack Obama's red line At the time many argued that the president had to bomb in order to protect America's reputation for toughness and therefore its credibility abroad others countered that concerns regarding reputation were overblown and that reputations are irrelevant for coercive diplomacy Whether international reputations matter is the question at the heart of *Fighting for Credibility* For skeptics past actions and reputations have no bearing on an adversary's assessment of credibility power and interests alone determine whether a threat is believed Using a nuanced and sophisticated theory of rational deterrence Frank P Harvey and John Mitton argue the opposite ignoring reputations sidesteps important factors about how adversaries perceive threats Focusing on cases of asymmetric US encounters with smaller powers since the end of the Cold War including Bosnia Kosovo Iraq and Syria Harvey and Mitton reveal that reputations matter for credibility in international politics This dynamic and deeply documented study successfully brings reputation back to the table of foreign diplomacy
